

Students here are your virtual learning assignments for the week of March 30th to the 3rd:

Khan Academy: Mathematics 1

- Linear equations & graphs

You only have to do the unit test for Khan Academy linear equations & graphs. Your grade will be the percent mastered. This assignment is due April 3rd.

IXL: Algebra 1

Q. Relations and functions

Monday the 30th: Q.6 Find values using function graphs

Tuesday the 31st: Q.7 Evaluate a function

Wednesday the 1st: Q.8 Evaluate a function: plug in an expression

Thursday the 2nd: New! Add and subtract functions

Friday the 3rd: New! Multiply functions

It was so great to see and hear from you on Zoom last week. Zoom meetings will be by class per student requests last week when we all met at the same time. Blocks are as they were at the beginning of this school year or as you see them in PowerSchool.

Mr. Miller's Zoom meeting date

Tuesday the 31st, at 9 am

Mrs. Quick's Zoom meeting dates

Monday the 30th, at 9 am: Block 1

Tuesday the 31st, at 9 am: Block 2

Thursday the 2nd, at 9 am: Block 4

If these virtual assignments do not work for you, then please get in contact with Mr. Miller or Mrs. Quick so we can make changes to support you.
