WOODVALE 6026

Dear Ms Stojkovski

Bushland at 179 Erindale Road Hamersley

I am writing to ask you to save the remnant Banksia and Tuart woodland at Lot 802 and 803 Erindale Road Hamersley from clearing for housing.

I often drive past this bushland and enjoy the sight of trees and birds using this area in the heart of a busy suburban area, surrounded by major roads.

It would be a sad day for the birds and other animals that live within, use and travel through this bush if it was to be cleared and turned into more suburban housing.

It is important that future generations are able to enjoy what is left of the bush in the suburbs and I hope that you will take whatever action is available to the State Government to save the bushland at Erindale Road, Hamersley.

Yours sincerely
