SERI 2023: Second Call for Participation

The Software Engineering Research in India (SERI) Update Meeting, conducted annually, is an informal event with the aim of bringing together faculty, students, industrial researchers, and practitioners working in software engineering to present and discuss advances in their areas of interest. The 4th SERI Update Meeting will take place at Goa University, June 2nd-3rd, 2023. This event is sponsored by the India Chapter of SIGSOFT Special Interest Group of ACM, Government of Goa Directorate of Higher Education, and Goa University. The website for the event is: (https://sites.google.com/view/seri-2023-goa). A tentative schedule of talks has been put up on the web site.

Please submit your request for participation using the following form:

https://tinyurl.com/SERI2023ParticipationRequest

Important Dates:

Deadline to submit participation form: MAY 10, 2023

Notification of acceptance: MAY 12, 2023

The notification email will tell you whether your request for participation is accepted.

Registration and Accommodation:

There will be no registration fee for this event.

Participants will need to arrange their own travel and accommodation. The accommodation information is available on the event website.

Kindly note that there will be no registration fee to attend the meeting. Partial travel support of up to Rs. 10,000 per PhD student and up to Rs. 5,000 per student for those pursuing other programs would be provided, to bonafide students who have submitted the participation confirmation form that has been shared by the organizers. The support will be in the form of reimbursement against actual bills submitted during the workshop, subject to the maximum limit mentioned. Inter-city travel cost to and from Goa from the town where the student is studying, and accommodation in Goa (June 1st and 2nd nights), are admissible expenses.

With regards,
SERI 2023 Organizing Committee
