## Instructor Contact Expectations:

The best and fastest way to contact me is email. I will generally respond to your emails within 24 -72 hours during weekdays only. During busy times of the semester, the response time may increase to 48 – 96 hours. On weekends, I will do my best to get back to you ASAP but I cannot guarantee an expeditious response. If you have not heard from me after 72 hours, please feel free to re-email me as your email may have gotten by me.

## Course Environment:

This online course will be using a Web-based Learning Management System Canvas as the method to disseminate information. Canvas provides the framework for the course including lecture material, student data files, the tools to receive and send course materials, and a grade book. Using the communication tools, you can communicate using e-mail, and you can share materials and ideas with other course participants via the discussion forums and groups.

## Accessing the Course:

You will see your course in Canvas on the first day of class. You can access Canvas by clicking on Canvas from the top bar of the Cuesta homepage ([www.cuesta.edu](http://www.cuesta.edu)), or by typing the Canvas address (<https://cuesta.instructure.com/>) into your browser address bar.

If you are not familiar with logging into canvas, please refer to the [Canvas Quick Reference Guide](#). Once logged into Canvas you will be directed on where to get started. Be sure to read all the direction on the course home page.

If you are having difficulty logging into Canvas after August 12, 2024, and need assistance please email me or technical support at this email address [support@my.cuesta.edu](mailto:support@my.cuesta.edu).

## Online Learning:

If you have never taken an online class or this is your first experience with Canvas, please be patient with yourself. Online classes are not inherently easier, although they may be much more convenient for many students. You should expect to spend at least as much time, if not more on this course as you would on a course that meets face to face. Since there is no lecture component, much of this time will be self-directed and there will be a substantial amount of reading, viewing, studying, and writing required. This course is completely online using Canvas; all coursework (discussions, assignments, quizzes) is submitted online. There are no face-to-face meetings. Please be prepared to spend 8 - 12 hours per week on coursework for this class

## IS an ONLINE CLASS FOR YOU?

Go to the **Cuesta College Canvas Tutorial (self-paced)**, there are many resources that were designed to help you understand the basis for an online class and the skills necessary for success. (If the tutorials do **NOT** describe you, then taking this class online is **NOT** for you and I strongly suggest that you drop the online class and enroll in a traditional classroom section.)

## Regular Effective Contact policy:

Regular and Effective Instructor Contact will be met through weekly instructor initiated threaded discussion forums; weekly announcements to students; timely and effective feedback on student assignments; email, Canvas Inbox messaging; and virtual office hours.

I have ~40-120 students to provide assignment feedback for, so I aim to provide assignment feedback within 72 hours to 1 week of the assignment due date. Please provide me grace as grading can take a lot of time -- especially to provide meaningful feedback to all my students.

Ideally, it is recommended to log into class at least twice per week to ensure you are making adequate progression with course content and course announcements.
