

Name of Intensive course:

Level: BA/MA

Country that hosts the intensive course:

Is this a new intensive course or a renewal?

Participating countries: (delete unnecessary)

Denmark

Estonia

Finland

Iceland

Latvia

Lithuania

Norway

Sweden

Number of mobile students:

Number of mobile teachers:

Number of ECTS:

Level: BA/MA

When will the course start ideally (between June 2024 – September 2025)?

Duration in days:

If not all institutions in the network participate in the Development Project, list the participating institutions below:

Relevance, objectives and innovation

- A. Present the course objectives and its relevance for the participating institutions, including a description of relevant current conditions, a brief needs analysis and any previous or preparatory work/activities relevant for the course. Why is this course needed for the participating institutions?
- B. Explain how the course is integrated in or linked to study programmes or other educational activities at the involved institutions.
- C. If relevant, explain how the intensive course will be connected to working life and/or research (scientific/artistic).
- D. Explain the innovative aspects of the intensive course, e.g. new theme, teaching methods, use of technology, etc.

Your answer here (max 3900 characters) You may not exceed this!

Organization and implementation

- A. Present the expected learning outcomes and how you will assess whether students have achieved them, e.g. examinations, tests, reports, performance etc.
- B. Indicate the main teaching methods and activities used in the course.
- C. Indicate how many ECTS credits the course will yield and if and how the studies will be recognized in the student's degree at home institution.
- D. Present a work plan for the implementation of the course, describing division of responsibility and tasks assignment among partners and progress monitoring.
- E. Present a day to day work programme (can be tentative) of the course.

Your answer here (max 3900 characters) You may not exceed this!

Results and dissemination (max 3900 characters)

- A. What are the envisaged outputs of the course (e.g. teaching material especially produced for the course, student reports/theses, web-based exercises, multimedia products etc.).
- B. Describe how you will exchange and disseminate experiences, best practices and results from the course among the partner institutions.

Your answer here (max 3900 characters) You may not exceed this!

If you apply for renewal funding for your intensive course, please fill out only section 4. If there has been a one year break in applying, please fill out all sections.

Renewal applications (max 3900 characters)

(if your course has been funded from Nordplus in the last year's application round (1st renewal) or also in the year before (2nd renewal))

- A. Indicate if this is the first or second (the last possible renewal application)
- B. If applicable, summarise the changes you intend to implement with this new course compared to the previous course(s), e.g. objectives, methodology, envisaged outputs, learning outcomes, innovation, partnership, management, monitoring and evaluation measures, dissemination and exploitation of results, work programme, location, participant and duration. Also, indicate why these changes are necessary.
- C. If your previous course has not taken place yet, please provide a summary of the progress of preparation.

Your answer here (max 3900 characters) You may not exceed this!
