

2022 SASEE Awards Nomination Details

Once again this year, the Rotary Club of Lake Oswego is presenting its education-related awards program, Service Above Self: Educational Excellence, which goes by the acronym “SASEE,” pronounced “Sassy.”

The Awards honor three categories of individuals:

- Educators: Teachers, Administrators, Instructional Assistants... anyone whose occupation involves educating kids
- Students who live and/or attend school in Lake Oswego
- Citizen-volunteers: Adults who donate their time and energy to help improve learning in our community

Every year at this time, the Rotary Club encourages community members to nominate SASEE Award candidates who have gone above and beyond in their support of education.

There are prizes for award recipients.

- Educator recipients are awarded \$1,000 to apply toward their school or service activities.
- Student recipients receive \$1,000 to apply toward their school or service activity.
- Citizen recipients have a \$3,000 Rotary scholarship awarded in their name to a graduating high school senior.

To get the full story please visit the SASEE website:

<https://www.rotarysasee.org/>

The nomination forms don't take long to complete, and are available on the website. You probably know a worthy candidate, maybe more than one. The Rotary Club would love it if they're nominated for a SASEE Award.

Thanks in advance for helping to find the 2022 SASEE Award recipients!
