

**A**  
When I saw you standing there  
**Bm**  
I about fell off my chair  
**D E**  
When you moved your mouth to  
speak  
**A**  
I felt the blood go to my feet

[Segunda Parte]

**A**  
Now it took time for me to know  
**Bm**  
What you tried so not to show  
**D E**  
Something in my soul just cried  
**A**  
I see the want in your blue eyes

[Estribillo]

**A Bm**  
Baby, I'd love you to want me  
**D**  
The way that I want you  
**A**  
The way that it should be  
**A Bm**  
Baby, you'd love me to want you  
**D**  
The way that I want to

**E A**  
If you'd only let it be  
**A**  
You told yourself years ago  
**Bm**  
You'd never let your feelings show  
**D E**  
The obligation that you made  
**A**  
For the title that they gave

[Estribillo]

**A Bm**  
Baby, I'd love you to want me  
**D**  
The way that I want you  
**A**  
The way that it should be  
**A Bm**  
Baby, you'd love me to want you  
**D**  
The way that I want to  
**E A**  
If you'd only let it be

**A**  
Now it took time for me to know  
**Bm**  
What you tried so not to show

**D E**  
Something in my soul just cried

**A Bm**  
Baby, I'd love you to want me

If you'd only let it be
