

GOTM_mary_castellanos_giveback

And many of us went into education. And so about ten years ago, we were sitting around at a family reunion and we said, why not give back?

GOTM_mary_castellanos_dontforget

Get your bachelor's degree. Get your master's. Get your doctorates. Work and give back. Do not forget Barrio Logan. It's so important that we educate our future generations. And so here we are, products of Barrio Logan.

GOTM_jonathan_patsy_testimonial

Hello. My name is Jonathan Patsy. I graduated from High Tech High International in 2019. With the help of Generations on the Move, I was able to enroll in the University of California, Davis. I plan to double major in Chicano Studies and biomedical engineering. When I graduate, I hope to inspire other students to pursue careers in the STEM fields. Go Aggies!

GOTM_marcy_corona_testimonial

Hello. My name is Marcy Corona. I graduated from San Diego State University the summer of 2018, receiving a Bachelor's of Science, majoring in biology and minoring in women's studies. With the help of Generations on the Move, I was able to enroll in San Diego State University. And later, this is now, continue to medical school at the Bastyr University in Kenmore, Washington.

I plan on studying naturopathic medicine with a dual degree in midwifery. When I graduate, I hope to become an inspiring physician in my field, focus on helping individuals regain their health and assist in the bigger movement of creating strong and healthy communities. Thank you Generations on the Move for always believing in me. Thank you so much.
