

Privacy Policy for Multi-Buffer Copy-Paste Extension

Last Updated: 2/11/2025

Overview :

Multi-Buffer Copy-Paste is a Chrome extension that allows users to store and manage multiple text snippets for copy-paste operations. We are committed to protecting your privacy and being transparent about our data practices.

Data Collection and Usage

What We Collect

- ****Website Content (Text Only)****:
 - Text that users explicitly choose to copy to buffers
 - Only the specific text selections made by users
 - No automatic collection of any website content

How We Use Data

- Data is used solely for:
 - Storing text in buffers for later paste operations
 - Displaying buffer contents in the extension popup
 - Enabling paste functionality across tabs

Data Storage

- All data is stored locally in your browser using Chrome's storage API
- No data is transmitted to external servers
- Data remains on your device only
- Data can be cleared by:
 - Clearing extension storage
 - Uninstalling the extension

Data Sharing and Transfer

We do not:

- Collect personal information
- Share data with third parties
- Transfer data outside your browser
- Sell or monetize user data
- Store data on external servers

User Control

Users have complete control over:

- What text is stored in buffers
- When to clear buffer contents
- When to remove the extension and all its data

Technical Details

- Storage Method: chrome.storage API
- Data Location: Local browser storage only
- Data Retention: Until manually cleared or extension removed
- Security: Data never leaves your browser

Changes to Privacy Policy

We will notify users of any material changes to this privacy policy through the extension's update notes.
