

About the UPL

The Ultimate Panfish League (UPL) was founded in 2002 to offer panfish anglers an opportunity to compete—and learn—while targeting crappies and bluegills. This “club-style” atmosphere brings anglers/teams together for a series of ice fishing get togethers in a tournament format across Central, MN. While there is a competitive edge to these events, the ultimate goal is to become better anglers, create new fishing connections and friendships, and ultimately have a whole lot of fun!!

The UPL started out as a ten-event year-round league, where six events happened during open water and four during the ice fishing season... but now, it's exclusively during the ice fishing season with four one-day events. These teams (made up of 2 anglers) make it a goal each event to bring in the biggest fifteen panfish to weigh in (7 crappies, 7 bluegills, and then a bonus 15th fish of their choice) and let the heaviest bag win!!

So, follow along during the winter months as these teams' break down several popular lakes in search of the biggest bags of panfish and we can't thank everyone enough for your support!!

Thank you – Matt Johnson, UPL Founder
