

Pairing with a Student

Pairing as an observer to Canvas means that you have access to view announcements in your child's Canvas course.

Your child should go to their page and generate a pairing code. To do so, have them log in to Canvas.

Student will:

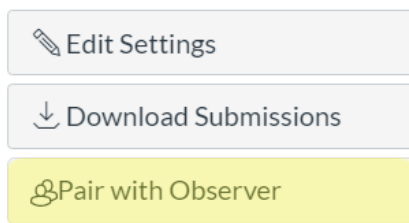

- Click **Account**
 - Click **Settings**

Student will:

Select **Pair with Observer** - on the bottom right side of the **Settings** screen.

A code will pop up for the parent to use when prompted. *The code expires after seven days or after use.*

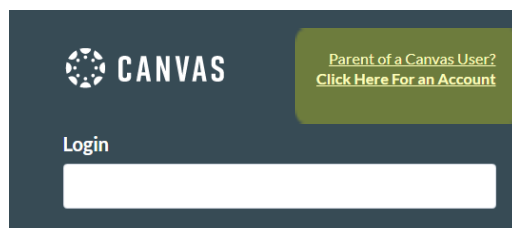

Parents will

Go to:

<https://bcswan.instructure.com/login/canvas>

Choose **Parent of a Canvas User?** to create your account.

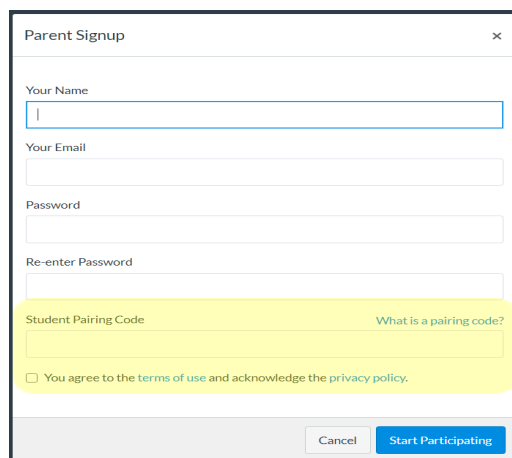

Complete the setup by filling out the account information.

Enter the **Pairing Code** from your child.

- **Pairing Codes** are only a one-time use. If you enter the code incorrectly then you have to get another code from your child.

Be sure to click the **Start Participating** button to complete the pairing process.

A screenshot of the 'Parent Signup' form. It includes input fields for 'Your Name', 'Your Email', 'Password', and 'Re-enter Password'. Below these is a yellow section for 'Student Pairing Code' with a label 'What is a pairing code?'. At the bottom, there is a checkbox for 'You agree to the terms of use and acknowledge the privacy policy.' and two buttons: 'Cancel' and 'Start Participating'.

In the Canvas app, parents can use a QR code to pair with a student.
