

CETAF Digitisation Working Group

Workplan for 2020-21

Proposed Actions

1. Work with TDWG MIDS Task Group to finalise MIDS standard
2. Create calculation process for all MIDS Levels for CETAF institutes
3. Implementation of missing data recording based on ICEDIG paper recommendations
4. Work with SYNTHESYS+ & DiSSCo Prepare on implementation of ELViS
5. ...

Proposed Meetings

To help us achieve the actions above, I am proposing that we arrange more regular meetings. At the first of these we can discuss a potential schedule and format for these. Some options are included below.

- Monthly 1 hour meetings
- Possible to include 2-3 short presentations from members on their digitisation infrastructure, processes and strategy
- Time to collaborate on the proposed actions

We are planning to continue the joint meetings with the ISTC.
