August 31, 2021

Ramsey Parents

The Ramsey CUSD #204 Board of Education voted on August 30, 2021 to comply with the mask mandate. This was not an easy decision for anyone involved. The Board of Education and Administration worked very hard to look at other options and maintain local control. However, the fiscal responsibility and consequences aimed at our students left the Ramsey District with no other choice. Starting Wednesday, September 1, 2021, masks will be required to be worn by all students, staff, and visitors inside Ramsey School District.

We are asking everyone to trust that the Ramsey School District will continue to provide the best education possible for their students in a safe and welcoming learning environment. Please support your children, their teachers, and administrators with this transition!

Thank you for the continued support!

Sincerely,

Melissa Ritter, Superintendent
