

2024 National Health Outreach and Engagement Conference Application to Host

Originally known as the Priestler Conference, NHOC is a three-day annual gathering of Extension faculty and staff, cross-campus collaborators, and external partners focused on the role that they can collectively play in improving the health and well-being of the nation. The conference has historically been held in May of each year and attracts approximately 250-300 participants. Typically included in the program are plenary sessions, concurrent sessions, and poster sessions.

The conference is held in a different location each year. A conference planning committee assists with the duties related to hosting the conference. Institutions interested in hosting the conference are encouraged to submit their **Application to Host** to Roger Rennekamp at rogerrennekamp@extension.org by May 1, 2023. Proposals will be reviewed by a selection committee with goal of announcing the location of next year's conference at the [2023 Conference](#) to be held May 22-24 in Ithaca, NY.

Contact person information

Name:

Email address:

Phone number:

Institution(s) submitting proposal (We welcome applications where multiple institutions would serve as co-hosts of the conference, especially those which involve 1862, 1890, or 1994 institutions working together. Each institution may assume a different responsibility related to hosting):

City in which conference would be held:

Proposed conference dates:

Briefly describe transportation options for getting to this location:

Facility/hotel at which conference could be held (facility must have at least six breakout rooms and a large room for general sessions):

Estimated per room lodging cost:

What are the programmatic advantages to holding the conference at this location? (Perhaps mention proximity to partners, potential speakers, major health-related organizations or centers.)

Are there specific areas of focus related to health equity and well-being that you believe your institution is well-positioned to emphasize at the 2024 conference?

What are the social and recreational advantages to holding the conference at this location? (Perhaps mention proximity to restaurants, entertainment, other attractions.)

In the space below, provide a short narrative which presents the case for why your institution should be selected to host the 2024 conference.
