

Brent Pritchard

Community Meeting Requirement

Quarter 4 - Senior 2024

Mr. Marlett

Makes accurate, specific observations about audience response and/or feedback, and makes appropriate changes leading to improved communication.

### **Reflection**

The goal of this assignment was to participate in a local community meeting to be engaged in the politics of our surrounding environments. Since this is for my Political Sciences class, it's fitting to try to understand local government-type meetings. The meeting specifically that I went to was the April 23, 2024 Board of Education meeting as I thought it would be best fitting to me since I go to the school that they make decisions over.

After participating in the meeting, I was tasked to write a two page paper, my artifact, about the experience. Writing the paper allowed me to develop my thoughts on the meeting and truly understand what happened and the significance of the decisions made that day.

Overall, the meeting gave me a sense and a better understanding of what goes on behind the scenes for taking care and managing the School District. It was cool to see how the meetings are run and the thought behind who determines the many choices that change what we do. Learning this gave me more respect for what they do and how our District is run. The paper expanded upon this as it helped me think through the whole process and overall learn more about local school government.
