MNChoices Assessment

The MNChoices Assessment is an assessment that assists individuals who need long-term services and support. It is one of the first steps to get funding for employment support services and other long-term disability supports. The MNChoices assessment must be requested from the guardian or the individual with a disability.

Contact the **Hennepin County Social Services: Front Door** at 612-348-4111 to get started and request the MNChoices Assessment.

Hennepin County Disability Services Information is available at:

hennepin.us/residents/human-services/seniors-disabilities

If you have additional questions about services such as Medical Assistance (MA) or the State Medical Review Team, contact **The Arc** at arcminnesota.org or 952-920-0855.

Things you may need before the MNChoices Assessment:

- Be on social security or deemed disabled by the State Medical Review Team (SMRT). (Please note: The SMRT process may take up to 6 months or more)
 - *Social Security Disability:* ssa.gov/applyfordisability
 - *State Medical Review Team:* mn.gov/dhs/people-we-serve/people
- A copy of psychological and/or neurological evaluations your child has had from a mental health agency or medical provider in the last three years.
- A copy of your child's Special Education Evaluation, Individualized Educational Plan (IEP), or 504 Plan. Contact the school if you need a copy of the most recent IEP or evaluation. These documents are not necessary for the application process, but they may help you reference the IEP and Evaluation.
- To access waiver services, your child will need to be on Medical Assistance (MA).
 - *MNSure Application:* mnsure.org
- For children under 18 years old: If parental income is too high to qualify for MA, another program called Tax Equity and Fiscal Responsibility Act (TEFRA) will allow the child to access any services that require Medical Assistance. It requires parents to pay a fee. (Please note: The TEFRA process may take up to three months or more) If you are interested in the TEFRA program, contact the MNSure Team at 651-554-6696.

During an MNChoices Assessment, some of the questions they might ask include:

- Where and how do you want to live, work, and participate in your community?

- How do you like to spend your time and who do you want to spend it with?
- What concerns or challenges affect your ability to live as you choose?
- How do you take care of your day-to-day personal needs such as dressing, eating, bathing, and getting around?

After an MNChoices Assessment, you may qualify for:

- *Waiver Funding:* Waivers help individuals pay for supports and services that assist them in staying in their homes and participating in the community.
- *Grants:* Grants are another program that helps individuals pay for support and services.
- *Case Management:* Case Managers help oversee services and connect individuals to additional resources. You may be assigned a case manager directly from Hennepin County or a contracted case management agency.

Medical Assistance (MA)

Medical Assistance (MA) is Minnesota's largest health care program and serves children and families, pregnant women, adults without children, seniors, and people who are blind or have a disability. MA allows people to apply for waived services and receive in-home support as well as cover many of the significant costs associated with having a disability.

- To access waiver services, your child will need to be on Medical Assistance (MA).
 - *MNSure Application:* mnsure.org

If you have additional questions about services such as Medical Assistance (MA) contact **The Arc** at arcminnesota.org or 952-920-0855.

Customized Employment

Customized Employment is a flexible employment relationship between employees and employers. This relationship meets both employers' specific needs and the job seeker's strengths, needs, and interests. Customized Employment is an evidence-based practice. The services follow a process defined in customized employment standards throughout the country.

First Phase: Discovery Process

The Discovery Process involves getting to know the job seeker in “their world.” This in-depth, person-centered process identifies the skills, interests, and supports needs of the job seeker.

- Information gathered through the Discovery Process and a review of the job seeker’s school, medical, and other records create a Discovery Profile.
- The Discovery Profile tells a positive narrative about the job seeker’s contributions, skills, interests, and the type of environment or support needed on a job.
- Photos are used to create a visual resume to present to potential employers.
- The job seeker and the team meet for a final planning meeting to review the Discovery Profile and work collaboratively to develop a Customized Employment Plan.
- This plan reviews the Discovery Profile, addresses what tasks would best suit the job seeker, and lists potential employers that may be a good match.

On average, the Discovery Process takes about 10-12 weeks. The Discovery Process includes the following steps: 1) initial meeting, 2) home visits, 3) interviewing people who know the job seeker, 4) neighborhood information gathering, 5) life activities, 6) theme development, 7) theme testing, 8) visual resume development, and 9) final meeting to conclude the Discovery Process.

Second Phase: Job Development

- After the Discovery Process is complete, the Employment Specialist searches for businesses with tasks that match the job seeker.
- The Employment Specialist contacts businesses to learn more about their company and present the job seeker’s qualifications and visual resume. Sometimes the job seeker and Employment Specialist visit businesses together.
- When a good job match is found, the Employment Specialist negotiates with the employer to develop a new position that benefits both the business and the job seeker. This customized (new) position must pay minimum wage or above.

Third Phase: Systematic Instruction and Employment Supports

- The Employment Specialist identifies the frequency and kinds of support the new employee needs to do the job. They coordinate with the employer to implement support.
- Employment Specialists continue frequent communications with the employee and employer to ensure the employee can learn and maintain the position.

- The final Discovery Process information identifies employment supports that are arranged before the start of a job.
- A completed Job Analysis form summarizes employment supports, creates a plan to fade supports, and supports both the employer and job seeker on the journey.

Customized Employment services can be provided in conjunction with Vocational Rehabilitation Services (VRS), school systems, or purchased from Community Rehabilitation organizations through VRS. All customized employment practitioners are certified and provide each of the three key phases of Customized Employment.

Employment Support Services

Employment Support Services are individualized services and support that help people maintain paid employment in community businesses and settings.

What to expect from Employment Supported Services:

- Opportunity to earn equitable wages and employment-related benefits
- Development of new skills
- Increased community participation
- Enhanced self-esteem, empowerment, and quality of life

Determining Individual Support vs. Group Support

A person can receive individual and/or group employment support services.

Individual Support

Individual employment support services provide services to one person at a time who works at a full-time or part-time, paid job position in a community business (including self-employment).

Group support

Group employment support services support 2–6 people who work together and share the tasks, duties, and responsibilities of a job position in a community business. The group receives support while they:

- Perform and share the work tasks, duties, and responsibilities of a full-time or part-time job position

- Divide work tasks, duties, and responsibilities of the job position across group members.

Key terms:

A Job Coach: A person that provides specialized on-site training to the employee in learning, performing the job, and adjusting to the work environment.

Natural Supports: People such as supervisors and co-workers who provide mentorship, friendship, and socialization opportunities. Natural supports may be more permanent, consistent, readily available, and facilitate long-term job retention.

Competitive, Integrated Employment: Employment pays a minimum wage or an industry-standard, customary, or prevailing wage with comparable benefits (e.g., health insurance, leave time, etc.).

Alternative Options

Day Support Services (DSS)

Day Support Services (DSS) help people identify and achieve personal goals, community engagement, and life enrichment opportunities. DSS are individualized services that offer opportunities for community-based training and support for people with disabilities. The eligibility criteria to receive Day Support Services include 1) having a waiver 2) having a documented need for this service in their waiver support plan.

Employment Without Supports

Young adults with disabilities may not need long-term support to gain or maintain employment. Some services can help in the short term, such as Vocational Rehabilitation Services or the Careerforce Centers.

State-Funded Disability Services

Vocational Rehabilitation Services

mn.gov/deed/vrs-student

651-259-7501

Vocational Rehabilitation Services (VRS) helps people with disabilities prepare for, find, keep, and advance employment. They have staff assigned to every high school and transition program in the state. VRS helps students discover:

- Strengths and interests
- Career and post-secondary education possibilities
- How to gain work skills and experience

Counselors provide Pre-Employment Transition Services (PRE-ETS) such as:

- Job exploration counseling to help the individual with disabilities learn about:
 - Job possibilities related to the person's interests
- Work-based learning experiences
- Post-secondary education counseling
- Workplace Readiness training
- Training to help gain self-advocacy skills

CareerForce MN

careerforcemn.com

651-259-7501

- Offers workshops, job search assistance, resume assistance, and online assistance. The services are available in the Careforce Center at 4220 West Old Shakopee Road Suite 200, Bloomington, MN. Other locations include Minneapolis South, Minneapolis North, St. Paul, among others.

Connect 700

mn.gov/mmb/careers/diverse-workforce/people-with-disabilities/connect700/

State of MN's Career Helpline - 651-259-3637

careers@state.mn.us.

- The Connect 700 program is a pre-probationary work trial program with the MN State Government. It allows eligible individuals with disabilities the opportunity to demonstrate their ability to perform a specific position for up to 700 hours on the job, with or without accommodations. The trial-work opportunity is an alternative to the traditional, competitive hiring process.

Medical Assistance for Employed Person with Disabilities (MA-EPD)

- The program helps employed persons with disabilities maintain their Medical Assistance. MA-EPD may reimburse the cost of Medicare Part B premiums for people with income below 200 percent of the Federal Poverty Guidelines (FPG). People with

income or assets above the MA limits may qualify for MA-EPD. People must pay a premium for MA-EPD coverage.

MN Department of Human Services: Deaf and Hard of Hearing Division

mn.gov/deaf-hard-of-hearing

800-657-3663 for voice or 651-964-1514 for videophone

- The Deaf and Hard of Hearing Services Division connects individuals with information and referrals to various resources and Deaf and Hard of Hearing Specialists.

STAR: System of Technology to Achieve Results

mn.gov/admin/star

651-201-2640 or toll-free at 1-888-234-1267

star.program@state.mn.us

- STAR helps individuals with disabilities get connected to assistive technology they need to live, learn, work and play. The STAR program has over 1,000 assistive technology devices that they loan for free.

State Services for the Blind

mn.gov/deed/ssb

651-539-2373

- Offers a variety of counseling, training, job skills, and job placement services.

Understanding Supplemental Security Income (SSI) Work Incentives

ssa.gov/ssi/text-work-ussi.htm

- Social Security's Work Incentive Program allows people with disabilities to take advantage of employment opportunities and minimize the risk of losing their SSI or Medicaid benefits.

Mental Health

Hennepin County Mental Health Emergency Services: COPE TEAM

hennepin.us/residents/emergencies/mental-health-emergencies%20#get-help-in-a-crisis

24/7/365

612-596-1223 - Mobile Crisis Team

- The Cope Mobile Crisis Teams can come to where you are. The teams respond to anyone in the county who needs an urgent mental health crisis response.

Hennepin County Mental Health Center

612-596-9438

- Provides mental health services, including diagnostic assessments, medication management, evaluations, individual/group therapy, Rule 25 assessments, care coordination, supported employment, and assistance applying for health insurance.
- To qualify for services at the center, a person must either live in Hennepin County or receive county services.

Hennepin County Mental Health and Substance Abuse Directory

hennepin.us/-/media/hennepinus/business/work-with-hennepin-county/partners-hhs/abh-services-directory-2019.pdf

- A guide on mental health and substance abuse services is available in Hennepin County.

Hennepin County Medical Center's Acute Psychiatric Services (APS)

612-873-3161

24/7 Walk-in help for mental health crisis

701 Park Ave. South Minneapolis

- 24-hour walk-in crisis intervention and treatment of behavioral emergencies
- Crisis intervention phone service for assessment, information, and referral for psychiatric emergencies.
- Treatment of psychiatric emergencies includes acute psychotic conditions, panic states, severe and incapacitating depression, suicidal crisis, danger to others, sudden loss of memory, and situations involving grave mental disability.
- Community consultation and education on crisis intervention

Transportation

Metro Transit

metrotransit.org

612-373-3333 or text 612-444-1161

- Metro Transit is the primary public transportation operator in the Minneapolis and Saint Paul area.
- [Transit Assistance Program \(TAP\)](#): Public transit is more affordable for those with lower incomes. It allows customers to use a bus or a train for just \$1 per ride, even during rush hour with a 2 ½ hour transfer.
- [Limited Mobility Program](#): The Limited Mobility Program offers discounted transit fares to encourage customers with a qualifying disability to use regional transit services. Access the [Limited Mobility Program application](#) for more information.
- [Reasonable Accommodations](#): To request a reasonable accommodation, contact Customer Relations at 612-373-3333.

Transit Link

metrotransit.org/transit-link

651-602-5465

- Transit Link is a curb-to-curb minibus or van service for the general public that operates on weekdays throughout the seven-county metropolitan area. It is a shared-ride service, which must be reserved in advance. You may reserve a ride up to five days in advance or call at least two hours in advance for same-day trips. Rides are subject to availability, and fares are based on the distance traveled. The base fare is \$3.50, one way. Transit Link customers can transfer to a Metro Transit bus without paying a separate fare. Ask the driver for a paratransit transfer.
- Transit Link service is not available where regular transit routes are operating. Call 651-602-LINK (5465) for more information or reserve a ride.
- Transit Link serves all communities in Hennepin County and transit hubs in many locations in Hennepin county.
- Extended service hours – Monday through Friday, 6 a.m. to 9 p.m., and Saturday from 8 a.m. to 4 p.m. are available in Deephaven, Excelsior, Greenwood, Minnetonka, Shorewood, and Tonka Bay.

Metro Mobility

metro council.org

651-602-1000

390 Robert Street North, St. Paul, MN 55101

- Metro Mobility is a shared-ride public transportation service for certified riders who cannot use regular fixed-route buses due to a disability or health condition. Trips are for any purpose. There is an application process that can be found [on their website](#).

Hennepin Health

612-596-1036, 1-800-647-0550 or TTY 1-800-627-3529

Monday-Friday, 8 a.m. – 4:30 p.m.

(After hours, contact the 24/7 nurse line at 1-888-859-0202.)

- Eligible members can get transportation to and from healthcare appointments, physical therapy, mental health, chemical dependency, and picking up prescriptions.
- Schedule a ride three days in advance, and same-day rides can be made for urgent or emergency appointments.
- You must give information on the appointment's date, time, and location, along with your member ID number.
- Metro Transit cards can be given. Contact member services for more information.

Courage Kenny Drivers Assessment

account.allinahealth.org/services/583

612-262-7855

- Courage Kenny offers a two-part driving assessment to assess vision, reaction time, memory, problem-solving, strength, coordination, and cognitive processing skills. The second part includes an on-the-road driving assessment.

Post-Secondary Options

The following post-secondary programs are specialized programs that may help young adults with disabilities gain more skills. The post-secondary programs are paid by loans, CDCS waiver funds, scholarships, or private payments.

Bethel Build Program 3900 Bethel Drive Saint Paul, MN 55122 651-635-8799	The BUILD program is a Christian-based, supportive, and comprehensive educational experience for students with intellectual disabilities. Students receive instruction, a career-oriented curriculum, specialized mentorship, and on-campus living. bethel.edu/academics/build
Beyond Limits	Beyond Limits provides a two-year program that offers a Life Skills Certificate for young adults with disabilities. Students

<p>6820 Auto Club Rd. Suite P. Bloomington, MN 55438 952-563-9904</p>	<p>take a customized selection of classes, independent living skills courses, and on-campus job placement and coaching to gain work skills. Beyond Limits provides young adults the opportunity to live semi-independently in a supportive, faith-based college setting.</p> <p>beyondlimitscollege.org</p>
<p>Brainerd Lake Community College - Occupational Skills Program</p> <p>501 West College Drive Brainerd, MN 1-800-933-0346</p>	<p>BLCC offers a nine-month diploma program designed for individuals with mild to moderate disabilities, focusing on competitive entry-level employment. Work experiences and coursework support independence in the workplace and community. Students participate in several off-campus experiences to promote community access, social skills, and healthy living.</p> <p>clcmn.edu/occupational-skills-diploma-2</p>
<p>Inver Hills Community College</p> <p>2500 80th St. E Inver Grove Heights, MN 651-450-3884</p>	<p>The Co-Collegiate Program pairs a student enrolled in a qualified post-secondary program with an individual with intellectual and developmental disabilities pursuing the same training program. Students will serve as mentors, tutors, and support providers to enable students with intellectual and developmental disabilities to succeed in the same program or area of study.</p> <p>inverhills.edu/LearningSupport/AccessibilityResources/index.aspx</p>
<p>MN Independence College and Community (MICC)</p> <p>7501 Logan Ave S. #2A Richfield, MN 55423 612-869-4008</p>	<p>MICC is a work and life skills training program for young adults with learning disabilities and Autism Spectrum Disorders (ASD). MICC helps students make transitions towards independent living and financial self-sufficiency. Students learn in their apartments, the community, the workplace environment, and public transportation.</p> <p>miccommunity.org/nity.org</p>

<p>Ridgewater Community College</p> <p>2101 15th Ave Willmar, MN 56201 320-222-5200</p>	<p>There are two programs available:</p> <ul style="list-style-type: none"> • The Occupational Skills Program helps students through post-secondary training and competitive, entry-level employment. Students gain real-world experience at internships and area employers. • The Career Exploration/Awareness Skills program links an individual and the job market's needs. Instruction includes access to job information, employment, and self-analysis techniques. <p>ridgewater.edu/academics/areas-of-study/occupational-skills</p>
--	--

College Supports

Individualized Education Plans (IEPs) end when a student graduates from high school. However, colleges have departments, often called 'Accessibility Services' or 'Student Resources,' that help students identify reasonable accommodations, assistive technology, and other helpful tools. These are voluntary programs and services for students.

Minnesota State Colleges Student Resources

1-800-456-8519

minnstate.edu/admissions/studentresources.html

- Search for student resources offered at Minnesota State Colleges, such as Accessibility Services, Career Planning, counseling, childcare, housing, and open educational resources.

TRIO

eoalubexpress.com

- The TRIO programs help students overcome higher education class, social, and cultural barriers. TRIO includes six outreach and support programs (counseling and tutoring) to assist low-income, first-generation college students. The programs serve students with disabilities by successfully progressing them from middle school to the post-baccalaureate level.

Goodwill-Easter Seals College Navigation

collegeandcareer@gesmn.org

- College navigators guide individuals in selecting a program of study, providing support through enrollment, and helping develop academic strategies for success. They can help students:
 - Balance education with work responsibilities and build a professional image.
 - Overcome obstacles and access support for transportation, childcare, or housing.
 - Connect with college staff, faculty, and employers
 - Navigate tuition and financial resources

College Research Tools

Minnesota State Colleges

1-800-456-8519

minnstate.edu/campusesprograms/index.html

- Search for colleges in Minnesota or specific programs.

Think College

thinkcollege.net

- Think College is a national organization dedicated to developing, expanding, and improving inclusive higher education options for people with intellectual disabilities.

Job Training Programs

Apprenticeships

apprenticeship.mn.gov

- Apprenticeships allow you to learn and get paid while on the job. You must have a high school diploma or G.E.D. Apprenticeships can be in construction, manufacturing, agriculture, health care, information technology, transportation, and utility management.

Career Wise

careerwise.minnstate.edu

- Find short-term training options such as apprenticeship programs, and explore other post-secondary options or careers.

Construction Careers

constructioncareers.org

- Information on construction trade apprenticeships and high school internships.

GiGi's Playhouse Twin Cities

952-926-3660

4740 Park Glen Road, St. Louis Park, MN 55416

gigisplayhouse.org/twincities/twin-cities-programs

- GiGi's Playhouse has programs for adults with Down Syndrome, including classes on communication, work habits, job skills, fitness, and nutrition.
- GiGi Prep: Adults attend two days a week for ten weeks and focus on communication, money management, customer service, team building, health, and wellness.
- GiGi University: Adults attend three days a week for 15 weeks and learn wellness, communication, career skills, job interviewing, communication skills, money management, public speaking, customer service, computer skills, team building, and health.

Goodwill-Easter Seals

goodwilleasterseals.org/services/disability-services

651-379-5634

- Retail skills training for ages 16 years old includes small classroom sizes, classroom training, and paid work experience at Cub Foods or Macy's. Goodwill also offers training in financial literacy, employment readiness, pre-vocational services, and disability benefits.

HIRED

hired.org/career-training

612-808-9500

- Current career training includes Certified Nursing Assistant, Office Administration, and Medical Call Center. The individual must meet eligibility requirements, which differ depending on the program.

Job Corps

huberthumphrey.jobcorps.gov/our-program

651-642-1133

- Job Corps is a tuition-free program where students can live on-site and learn technical, academic, problem-solving, and independent living skills. Students must be 16 to 24 years old (the maximum age limit can be waived with a documented disability), in need of job skills, income-eligible, and able to work in the United States. Students must not

have court dates or fines, behavioral issues, illegal drug use, and if they have a child, they must have secure daycare. Job Corps training programs include construction, manufacturing, business, healthcare, hospitality, and transportation.

Newgate School

newgateschool.org/our-programs

612-378-0177

- Newgate School offers tuition-free training in auto mechanics and auto body care/repair. Individuals must meet income-eligible requirements. The program is not specifically targeted towards individuals with disabilities. The program is 18 months, self-paced, and has a low teacher-to-student ratio.

Summit Academy

saoic.org

612-377-0150

- Summit Academy offers skilled job training programs in Construction, IT, and Medical Administrative Assistants.

Tree Trust

treetrust.org

952-767-3880

- Youth ages 14 to 21 learn through hands-on experience working on outdoor construction and landscape projects. Internships with local businesses are available.

Twin Cities RISE

Twincitiesrise.org

612-338-0295

- Training in Facilities and Maintenance, Customer Service and Call Centers, and Advanced Manufacturing. Other programs include empowerment training, 1:1 coaching, additional training, and paid internships.

Guardianship

Court Self-Help Centers

mncourts.gov/Help-Topics/Self-Help-Centers.aspx

651-435-6535

- The Court Self-Help Center cannot give legal advice, but they can answer questions about the process and provide you with the forms needed to file for guardianship. A Self-Help Center is where you can find helpful information, services, and resources about your legal problem if an attorney does not represent you. The Self-Help Centers assist people who represent themselves in the [Minnesota District Courts](#). You must schedule an appointment to access this service.

Law Help MN

lawhelpmn.org

- Find answers to different topics such as guardianship. Find a lawyer or law clinic.

Training Videos

mncourts.gov/Help-Topics/Guardianship.aspx

- Take guardianship training or view videos about guardianship.
- You will need to create an account to watch the training. It is relatively straightforward and gives a lot of resources, including steps of the process and forms.

Community Agencies for Guardianship Support

ARC

arcminnesota.org

info@arcminnesota.org

952-920-0855

2446 University Ave W., Suite #110, St. Paul, MN 55114

- Arc has well-written guides on guardianship and Supported Decision Making (SDM).
- Provides information and personal support for people with disabilities and their families. Contact the Arc by phone, email, in person, or through their [Ask An Advocate](#) form to be connected to an Advocate with expertise in your request. Most services are offered at no cost. Advocates cannot give legal advice; however, they can answer questions about the process and provide you with information about guardianship.

MAGIC - The Minnesota Association for Guardianship and Conservatorship

minnesotaguardianship.org

- Search for a public guardian. It has information on standards for guardians, conservators, and representative payees.

Volunteers of America

voamnwi.org/cesdm

cesdm@voamn.org

952-945-4174

3333 N. 4th Street, Minneapolis, MN 55412

- Works with adults living with impaired cognitive, intellectual, and psychiatric functioning and their caregivers to balance protection and self-determination.
- Free telephone consultation, information, assistance, and referrals for:
 - Supported Decision Making
 - The guardianship and conservatorship system
 - Practical intervention tips to assist the caregiver in being more effective in working with the individual
 - Approaches to help address concerns that may avoid the need for guardianship and conservatorship
 - Referrals for community services, attorneys, and independent guardians
- Assessments to determine if the person would benefit from VoA's involvement in a Supported Decision-Making plan, health care directive, guardianship, and conservatorship
- Advocacy and coaching services to family members
- Petition for guardianship or the removal and modification of the guardianship
- Training for those wishing to become public guardians and conservators

Guardianship Glossary

Conservatorship - Conservatorship is a court process that allows a person to have legal authority over financial decisions for another person. This person can be a family member or others known to the person, or an independent conservator can be hired for a fee.

Guardianship - Guardianship is a court process that allows a person to have the legal authority to make personal decisions for another person. This person can be a family member or others known to the person, or an independent guardian can be hired for a fee.

Health Care Directive - A health care directive is a written document informing others of an individual's wishes about their healthcare. It allows the individual to name a person ("agent") to make medical decisions if they cannot decide. An individual must be at least 18 years old to make a health care directive.

Health Care Proxy - A person can give another person access to their health care information through a health care proxy. It is a release of information specific to medical information.

Power of Attorney - A voluntary agreement appoints someone to help make general, financial, and healthcare decisions. The agreement can be created or ended at any time.

Representative Payee - Manages governmental income (Social Security) benefits for another person.

Supported Decision Making (SDM) - A process that focuses on the natural supports already in place for a person who will help them make decisions. SDM is not a court process. Supported Decision Making may utilize family, close friends, case managers, professionals, banking tools, representative payees, and other voluntary agreements.

Trust - Different accounts can be set up in a person's name that would allow them to access financial support without impacting their eligibility for government assistance such as Medical Assistance or SSI. These accounts include Supplemental/Special Needs Trust and ABLE Accounts.

Social and Recreational Activities

Recreation Opportunities

co.dakota.mn.us/HealthFamily/Disabilities/Services/Documents/RecreationalDirectory.pdf

- Guide for disability recreation services- activities such as arts, sports, and socialization throughout the Twin Cities.

Adaptive Recreation & Learning Exchange

ARLEmn.org

- Register online for Adaptive Recreation or the Learning Exchange. Cities served include Bloomington, Eden Prairie, Edina, and Richfield.
- Programs are adapted and customized for adults with developmental and/or physical disabilities.

- Programs include softball, bowling, water aerobics, fitness programs, skiing, snowboarding, golf, and social programs for youth and adults. Learning Exchange classes include cooking, independent living skills, theater, performing arts, health, fitness, and other leisure activities.

Alliance Music Therapy

612-584-0919

alliancemusictherapy.com

- Music therapy group to meet both individual and group social needs. Services can be in-home.

Bridging Hearts

612-424-1152

bridginghearts.org

- Provides social connections (online and in-person) for young adults (21 to 39) in the metro to connect with others with learning disabilities and low average intellectual disabilities interested in new friendships and social activities. Adults with disabilities must be dropped off and left without supervision.

Camp Hand in Hand & Camp Discovery (Autism Society of MN)

ausm.org/camps

651-647-1083

Locations: Camp Knutson, 1148 Manhattan Pt. Blvd, Cross Lake, MN 56442

Camp Courage North, 37569 N. Courage Dr., Lake George, MN 56458

- Designed for young adult campers with autism who need more intensive 1:1 supervision. Must be a member of the Autism Society to participate. Discovery – 1:4 staffing – Headwater – 1:3 staffing with moderate activity for at least two hours

City of Bloomington: Bloomington Parks and Recreation Inclusion Services

952-563-8877

bloomingtonmn.gov/pr/adaptive-programming

- Provides program participants with disabilities who request some kinds of support that will allow them to fully participate in the program offered by the Parks and Recreational Division.

Drama Interaction Inclusive Performing Arts

952-220-1676

cokartcenter.com

- Creative and performing arts program dedicated to fostering expression and empowerment of children and adults with special needs, engaging seniors in the arts, and serving inner-city youth.

Transition Timeline

YOU CAN APPLY FOR THESE PROGRAMS AT ANY TIME:

- Medical Assistance- Allow for 3 months for the application to be processed.
- TEFRA (if under 18)- Allow for 3 months for the application to be processed.
- MNChoices- The initial assessment can happen fairly quickly.
- State Medical Review Team (SMRT)- Allow for at least six months for the SMRT review.
- Social Security- Allow for at least 6 months for the initial determination.
Parent income is included in determination until after 18 years old.

14 YEARS OLD

- PRE-ETS (through Vocational Rehab Services) can help with job skills
 - Apply for county services

16 YEARS OLD +

- Can start applying for jobs or volunteering to build your resume
- Your school can make a referral for Vocational Rehabilitation Services (VRS). The VRS services can help you figure out what you want to do for a job and how to get there.

17 YEARS OLD

- Begin looking at guardianship, conservatorship, or other supported decision-making models

18 YEARS OLD

- You may be eligible to stay in Special Education through the school year you turn 21 years old.
- Apply for a State of MN Identification card if you do not have one yet.
- (Men) Apply for Selective Service
- Apply for Social Security or other government benefits you may be eligible for.

YEAR BEFORE GRADUATION

- If a VRS referral has not been made yet, now is a good time to do so.
 - Begin looking at post-secondary or employment options

HOUSING

There are many options for housing:

- Living at home
- Living with roommates
- Living on your own
- Living on your own with supports and staff
- Living at a group home

****Disclaimer:** The agency’s services may change, and check with the agency for the updated services provided.

Community Providers

The following chart lists Community Providers that help adults achieve their highest potential and participate in their community. Area agencies can help offer:

- **Employment Support Services:** Support in finding and maintaining employment
- **Day Support Services:** Day programming and life enrichment activities
- **Transportation** to and from the program
- **Short Term Support:** Things such as pre-vocational counseling
- **Long Term Support:** Things like long term job support
- Agencies that work with individuals with **challenging behaviors** are noted. Nearly all agencies will operate on a case by case basis; this marking is to serve as a starting point for agencies to look at if you or your student experiences challenging behaviors.

Table Key:

KEY:	ESS: Employment Support Services	DSS: Day Support Services	CB: Challenging Behaviors	T: Transportation Options Offered	STS: Short-Term Support	LTS: Long-Term Support
------	--	--	--	--	--------------------------------------	-------------------------------------

** Funding will vary by the program based on eligibility and services you qualify for. This guide is for reference and informational purposes only. It may not be all-encompassing of the service providers available to Hennepin County residents, nor are providers featured in this guide directly endorsed by ISD #917. **
