

Audrey Molinare Juarez

Hi there! Visual art is a big part of my life and I am excited to share the experience of creating with my students. I received a BA from UC Santa Cruz and an MFA from the University of Georgia. My emphasis has been in printmaking and sculpture. Before this post as an AEP teacher I was a ceramics tech, a food photographer, and a yoga teacher. I have experience in the district as a resident art teacher at Torrey Pines Elementary. I taught for VAPA back in 2013 when AEP was starting out. In addition to this job, I am a mother of two small boys and I still continue my practice as an artist and as a yoga teacher. I grew up in San Diego and my highschool art teacher here in San Diego was a positive influence in my life. I hope to do the same for my students as my career continues. Each student is an individual and I get so much joy out of seeing how their artworks evolve to foster their own creative expression.
