

High claim (Stage 2)

Hi Michael

What is the purpose of life? What do we actually live for?

These questions were often asked by people and many of them didn't find an answer.

According to bible there are 5 aspects that we should live for -

- 1) To know and love God
- 2) To glorify God
- 3) To serve others
- 4) To seek justice and mercy
- 5) To fulfill God's plan.

Although getting rich isn't one of these points. But certainly we can do more if we have more resources!
