TOS

(Terms of service)

Grozza
FA: https://www.furaffinity.net/user/grozza/

By commissioning you agree to all terms of service listed below!

What I draw:
SFW/NSFW
Everything except violence and cp. Overly complex details (technology, sci-fi, weapons, armor etc.) and hard fetishes are discussed separately and require a higher payment if agreed (+50% of price). Add character +50% of price.

Before commissioning should know:
If you, the commissioner, decide to cancel the commission, I will not refund the money for this piece.
I send the commissioner a picture in original resolution in PNG via google drive. All personal information is protected.
English is not my native language, I would be pleased if you could express your thoughts as simply as possible, thank you! If the commissioner does not respond to messages with the finished work, I have the right to post it according to all the usual rules on my social networks 2-3 days after sending it to the customer even if I did not get an answer.

How to contact me:
You can note me on Furaffinity, Telegram or Discord.
Telegram: @Grozza_Art
Discord: .grozza.

Payment:
All payments via Boosty/Hipolink, (virtual cards, regular visa card, paypal).
Payments in US dollars.
The price will be set before the commission starts.
I start drawing ONLY after 100% prepayment. This is very strict.
If you want to split the commission payment into several parts, then only for amounts greater than $ 100 per commission / YCH and this is discussed separately

Process:
Send me character references, background references and other materials, a full description of what you would like to see, emotions and poses you would like. This works for both commissions and YCH. In YCH you can change the background color, clothes and other details for free. Discuss your wishes at the sketch stage, otherwise you will have to pay extra for edits. For more than three edits, you will have to pay for each additional $10. Sketch will take 7-30 days to complete for commission and for YCH.
I need 7-30 days for 1 commission and 1 YCH mostly.

I always send one or two WIPs (sketch) and then another WIP (color and line) unless you ask for more. Let me know if you want to see more stages of creation. But don't spam me and write all day, please.
Upon completion, I will send you a link to the Google Drive with the finished work in the messenger where we talked earlier. If there are any problems with downloading, I will help.

Usage of commissioned works:
I have the right to post the commissioned work anywhere I like.
I have the right to use the commissioned work for commercial purposes - but if you don't accept it, let me know.
If you would like to use the commission for commercial purposes, let me know, we can negotiate separately.
You have the right to post the commissioned work anywhere (credits to me are very welcome), and use it in any non-profitable way you please.
If I make several sketches for your commission, the rejected ones can be used by me for other commissions or YCHs.
PSD, SAI files and HD versions of your commissions can be used by me as boosty rewards.

If you have any questions, just contact me!
Thank you for reading!
