

Circool: Enhancing Safety and Efficiency in Our Schools

Ensuring the safety and security of our students, staff, and community is a top priority. Hoover City Schools is committed to providing a safe and nurturing learning environment for all. To enhance our safety protocols and streamline various processes, we are excited to announce the implementation of Circool, a comprehensive school safety software solution.

What is Circool?

Circool is a fully mobile platform designed to improve school safety and efficiency. It offers a range of features that help manage visitors, reunify students with families, and manage school events. [Click here for instructions on how to activate your account.](#)

Key Features and Benefits

- **Visitor Management:** Circool streamlines the visitor check-in process, ensuring that only authorized individuals gain access to our schools. The system screens visitors against national databases, providing an extra layer of security.
- **Event Management:** Circool helps manage large groups of visitors during school events, such as open houses, athletic competitions, and performances. The system simplifies the check-in process and provides real-time attendance tracking.
- **Integration with Existing Systems:** Circool seamlessly integrates with our existing school systems, ensuring a smooth transition and minimizing disruptions to our daily operations.
- **Mobile Accessibility:** Circool's mobile platform allows for easy access and management from any location, providing flexibility and convenience for our staff.

Thank you for partnering with us to help keep our school a safe and welcoming learning environment for everyone.
