

The School Counseling Department is excited to organize Career Day on November 12, 2021!

We are looking for approximately 50 presenters and would love your help in recruiting partners, parents, neighbors, friends, etc. to speak with our middle school students about their career and the path taken to achieve that career goal. Volunteers, please complete the following google form with your information -<https://forms.gle/iyEviH6WtZYr6FoW8> - and a school counselor will reach out with more details.

Goal: Members of our community share their career paths to motivate our students and help them see the connection between school and work.

Presentation: 20-minute presentation (to be given 3 times as students rotate with their teacher)

Presentation Should Include:

- your educational background,
- special training/skills needed for your career ,
- contributing factors that led to your choice of career,
- salary ranges for your job (no need to get personal!),
- links between success as an adult with success as a student (punctuality, hard work, dependability, responsibility, etc).

If you have additional questions, please email Melanie Smith at melanie_smith@ccpsnet.net

Thank you,

Robious Middle School Counseling Department

The School Counseling Department is excited to organize Career Day on November 12, 2021!

We are looking for approximately presenters and would love your help in recruiting partners, parents, neighbors, friends, etc. to speak with our middle school students about their career and the path taken to achieve that career goal.
