IM1/Adv	Thursday, September 24 1-2pm	
IM2/Adv	Friday, September 25 1-2pm	
IM3/Adv	Friday, September 25 2-3pm	

October

SDEM Math Family Meeting #1

FOR All SDUSD Secondary Math Educators. With guest speaker [Fawn Nguyen](#) (Check out her [Visual Patterns](#) work)! [Share this flyer with your site!](#)

From Fawn's Website, "[Finding Ways](#)":

"Finding Ways is where I tell stories that are mainly about teaching and learning mathematics in the classroom. Sometimes I write about growing up in Vietnam or growing roots in California. I love food, and I like to cook for people who take pleasure and comfort in a good meal. Cauliflower was God's mistake."

Monday, October 19	1 - 2:30pm	Recorded Webinar by Fawn Nguyen and Fawn's shared powerpoint!

SDEM Networking Meetings

District-wide course-alike PLCs focused on analyzing student work and "right now" planning. Come and chat with others who teach your course and brainstorm - what's working, what needs to change, and what we should plan moving forward.

Session	Dates and Times	RSVP and Registration Links
IM1/Adv	Mtg#3: Thursday, October 22 1-2pm	
IM2/Adv	Mtg#3: Friday, October 23 1-2pm	

IM3/Adv	Mtg#3: Friday, October 23 2-3pm	
November		
Session	Dates and Times	RSVP and Zoom Links
Middle School	Mtg#4: Thursday, November 5 2-3:30pm Mtg#5: Thursday, November 19 2-3:30pm	
High School	Mtg#4: Thursday, November 12 2-3:30pm	
December		
SDEM Math Family Meeting #2 <i>FOR All SDUSD Secondary Math Educators. With guest speaker Robert Kaplinsky (Check out Open Middle!)</i> From Robert's Website: <i>"The group is smarter than the smartest person in the group. When professionals collaborate, the work they do together is better than the work that any one of them could have done on his or her own"</i>		
Monday, December 7	1 - 2:30pm	
SDEM Networking Meetings District-wide secondary math educators come together to share resources, ignite ideas, and analyze student work in "right now" planning. Come and chat with our cross-site network and brainstorm - what's working, what needs to change, and what we should plan moving forward.		
January (Spring DEMI Window: 1/25-2/12/2021)		
SDEM Innovative Educators Conference! The Innovative Educators Conference is designed for you, about you, and -- for those who are interested -- with you. We are encouraging innovators to collaborate with us to plan and lead these sessions. The conference will have a short keynote presentation, 2 rounds of breakout sessions with colleagues, based on your interests, as well as updates on new and upcoming developments in the district. There are limited registration slots!		
SDEM Innovative Educators Conference	January 20th, 2021 2-4:00pm	Open registration to all SDUSD math educators on 1/10/21! <i>Registration closes 1/15/21!</i>

February (Spring DEMI Window: 1/25-2/12/2021)

NEW YEAR! NEW TITLE! NEW GREAT RESOURCES! SDEM Capacity Builders' Network

District-wide secondary math educators come together to share resources, ignite ideas, and analyze student work in "right now" planning. Come and chat with our cross-site network and brainstorm - what's working, what needs to change, and what we should plan moving forward.

Middle School	Thursday, February 18 2-3:30pm	
High School	Thursday, February 11 2-3:30pm	
2021 CA Math Framework Chat "Teaching Big Ideas w/ Brian Lindaman and Katy Early" Co-hosted by CMC and SDEM	Tuesday, February 23 5:15 - 6:30pm	

March

2021 CA Math Framework Chat "Framework Chapter Chat w/ CMC Board members" Co-hosted by CMC and SDEM	Wednesday, March 3 5:15 - 6:30pm	
--	---	--

SDEM Math Family Meeting #3

FOR ALL SDUSD Secondary Math Educators. Come fill your mathematical cup and learn and play with other secondary math educators across the district. Special Guest Speaker, Harold Asturias!

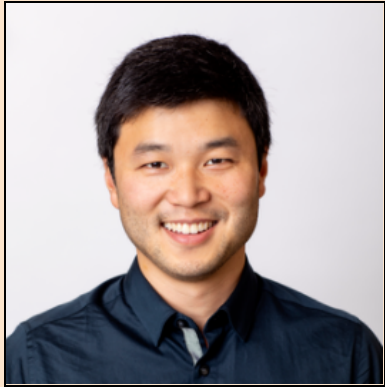

Harold Asturias is the Director of the Center for Mathematics Excellence and Equity (CeMEE) at the [Lawrence Hall of Science at UC, Berkeley](#). He provides professional development for standards and assessment in math, and for K-12 math teachers who teach language learners. An English learner himself, Harold has helped *MATH 180* integrate a focus on the language of math with explicit language goals and vocabulary routines, as well as support for language learners.

Monday, March 15	2-3:30pm
