Dear Mr. Gould,

As you have no doubt noticed, the Mont Marin sign has been installed. The Directors of the Mont Marin Homeowners Association thank you for all of your support in making this project successful.

Raffi Boloyan in the Planning Division was very helpful in providing us with the rules and regulations related to providing a sign for our neighborhood. He also was very helpful in guiding us through the process with the myriad County and City Departments.

Andy Preston, Director of the Public Works Department was not only encouraging, at a time we needed a lot of encouragement, but also effective in directing his team to install the sign at the corner of Las Gallinas Avenue and Lucas Valley Road. Andy Preston was also very instrumental in the negotiations with the County Public Works Department in resolving the sign's ownership requirements to enable the installation of the sign on County property.

Andy Preston's team of Art Gibney, Operations and Maintenance Manager, Maintenance Workers, Mark Wright and Mike Castenada; were responsible for installing the Mont Marin sign. They were very agreeable and pleasant to work with.

Your team at the City of San Rafael reflect your value to the City. Hopefully the team you develop at your new assignment will be as valuable to their neighbors.

The best of luck in your future assignment. Thank you again for your extensive support on the Mont Marin Sign Project.
