Amplify is highlighted Blue

Solution is highlighted Green

Subject Line: **No need to wake up at 6 AM anymore.**

**Do you hate that every time you come to your job you feel like jumping off the bridge?**

Are you tired of getting paid paycheck to paycheck?

Do you want to stop the feeling after you spend your last money away?

Close your eyes, do you see yourself in a calming beautiful beach with a stack of money right next to you?

or do you see yourself in a messy home with nothing in your wallet?

If you stop making excuses, then you'll become the man you've wanted to become since you were little.

With this millionaire knowledge I had more freedom and time, but it takes discipline to achieve the success you want.

Do you have the discipline?

Subject Line: This book changed my view of jobs.

After I read this book, I've never been working for someone ever since.

I had viewed money and jobs differently for the first time in my entire life.

Before I even heard about this book, I worked 9-5's, being lazy and arrogant

Thinking money is everything. And at the deepest rabbit hole in my life I've never thought I would ever be into.

And my boss was getting worse and worse to listen to, it kept making my ears bleed every time he spoke

Suddenly I saw a book that was about millionaires. I thought this was fake even though I gave it a try.

3 Months later after using the book, it taught me way more than the average school teaches

I've become friends with multi-millionaires I thought I would never be friends with.

If you won't take the action now, then you'll end up in a deeper rabbit hole.
