**PROJECT EVALUATION:** What preparation was involved? What was done at the project? Was the project successful? Should we do the project again? Please feel free to add any other information. Please write on the back of this paper! ©

For this project members either decorated pre-cut bookmarks that were found in Mrs. Sato's room or cut and decorated their own bookmarks at home. These bookmarks would then be donated along with any gently used books that were donated. I believe that this project was pretty successful because we got a few new donations as well as some bookmarks that were made last year so we have a good amount to donate. I think that we should do this project again because the bookmarks go towards a good cause and it was pretty easy to do.
