Original Contest:

So here's the deal, i've pledged 3000\$ to the BronyCon: The Documentary. I live in Norway, and i can't make it to bronycan and that leaves me with the 2500\$ meet and greet reward and 500\$ exclusive one hour Q&A and private signing reward i can't use.

So a contest i will hold and the deadline is a short. Create a messaging sound inspired by the show. Up to 5 seconds long and with creativity that will blow my mind.

How do you put inspiration into a 1-5 seconds track you ask? BGM, voice samples and effects

are a good place to start mixing from, but remember creativity is rewarded.

What: Something you'd want to hear from your cellphone. As a quick message sound.

Theme: A single piece of inspiration.

Rules: Maximum 5 seconds long.

Deadline: June 25, winners announced June 26.

What will I base the winner on:

Mainly creativity, but subtlety is rewarded.

Rewards: 6 winners, 2 meet and greets entries, and 2 one hour Q&A and private signing reward thingie, and 2 money reward on 50\$ if you can't get to broncon/prefer money.

How to submit/ questions:

Send it to my mail "unXedDani@gmail.com" or via skype "unXedDani" as mp3 or youtube link.

Please state whether you are going to broncon or not.
