

Senior Spotlight – Devon Dattoli

Best Sanborn Memory:

Best Sanborn Memory:

After my last football game, the whole team gathered, crying in each other's arms. In that moment, it truly felt like we were brothers.

Accomplishments:

- Scored the first touchdown of the season
- Placed 5th in the division for the 4x200 relay

Plans After High School:

After high school, I plan to work throughout the summer while taking classes at community college before transferring to Bentley University to complete my degree. I want to make sure I'm fully informed and confident in the career path I choose. My goal is to earn a degree that leads to strong financial opportunities, with a projected starting salary of around \$79,000.

I also plan to earn my real estate license and become a registered real estate agent in Massachusetts and/or New Hampshire. During this time, I hope to shadow experienced agents so I can become comfortable and confident in that environment while building strong connections in the community and improving my communication skills.

In my second year after high school, I plan to travel across Europe with a small group of friends. Seeing the world has been one of my dreams since I was little, and I hope the experience helps me become even more outgoing and open-minded.

When I return home, it will be back to the grind. I hope to have multiple streams of income through side businesses and investments. Years ago, when I got my first job, I made a promise to my grandma that I would become a millionaire by the age of 27. I fully intend to keep that promise — not just for myself, but to support my businesses, my family, and especially my mom. One of my biggest goals is to pay off her house so she can live comfortably and without worry.

Staff Reflection:

Devon is one of a kind. Niche. He's the kid who says the most insightful, heartfelt things about the book we're reading — even if we're not entirely sure he did the reading the night before. He's the one who scores in the top 5% on the NWEAs and also performs the most outrageous Just Dance routine in class wearing a spandex muscle shirt. He's the knucklehead who stays after school to help his younger teammates reach their fitness goals. Devon has a huge heart and a ridiculous sense of humor. Good luck with your incredibly elaborate plans after high school — I can't wait to hear about all the amazing things you accomplish. - Mr. Cass
