

SL: From divorce and heartbreak to a thriving life

“My wife left me.

I am devastated, I feel a hole in my heart, and I roam the streets like a mad-man”

These were Ken's exact words when he first reached out to me.

Ken Gielen is a dad, a husband, and a business owner, and he was able to regain control over his life after being in a nerve-wracking, heart-breaking divorce situation that almost destroyed his entire life.

Here’s the story in his own words:

“My personal situation wasn’t the best, If there were a place below rock bottom I’d be laying in there with black eyes and a zombie stare.

At the same time, Covid spread like a wildfire throughout the world and affected everybody, making them stay at home and denying them any opportunity to socialize.

I was surprised by a courier at my door steps that was delivering my wife's divorce file

As I take the files from the courier, his voice fading out, I am zoning out...

I can hear my heart beating “*DA-DUMP*” “*Da-DUMP*”, Sweat drops running down my face, My heart shattering into pieces while remembering every moment I had with her.

Every dinner, every date, every flower I bought her, and every kiss I gave her...

Our memories ran in front of my eyes like a fast-motion video, and suddenly...

“Mr.Ken” “Mr.Ken” The courier awakes me from my little comma to his deep careless voice saying: “Please sign here sir”

Do you understand how hard, soul-crushing, and overwhelming it can be to lose the woman you've given your entire life to?

The pain of losing the one person you thought would be holding your hands on your deathbed?

What's more, was that at the same time, my business came down to ashes.

It was like I was watching my own life shatter into pieces and turn to dust in front of my eyes.

It was like I was stuck in a nightmare, suicide crossing my brain daily...and it just seemed like a matter of time.

6 Months Forward...

I feel whole again.

I feel the warm sunlight against my cheeks, I look at the sun and smile confidently.

My business is soaring to new heights and is even more successful than when I was married.

Now I am riding my black SUV, windows down, and enjoying the voice of "John Farnham" singing his famous song "You're The Voice" with my new hot GF.

For the first time in my life, I feel in control, unphased, and genuinely happy.

I never thought this could be possible...

And surprisingly the path to freedom was pretty simple.

It wasn't a big mystery -- in fact, it was a simple, proven step-by-step formula that men and women around the world are using right now to live a life of choice and opportunity.

If you want to live a life where you feel in control, and can handle anything life throws your way like an unshakable mountain.
