Two thousand stripling warriors

Young men of pow’r and might

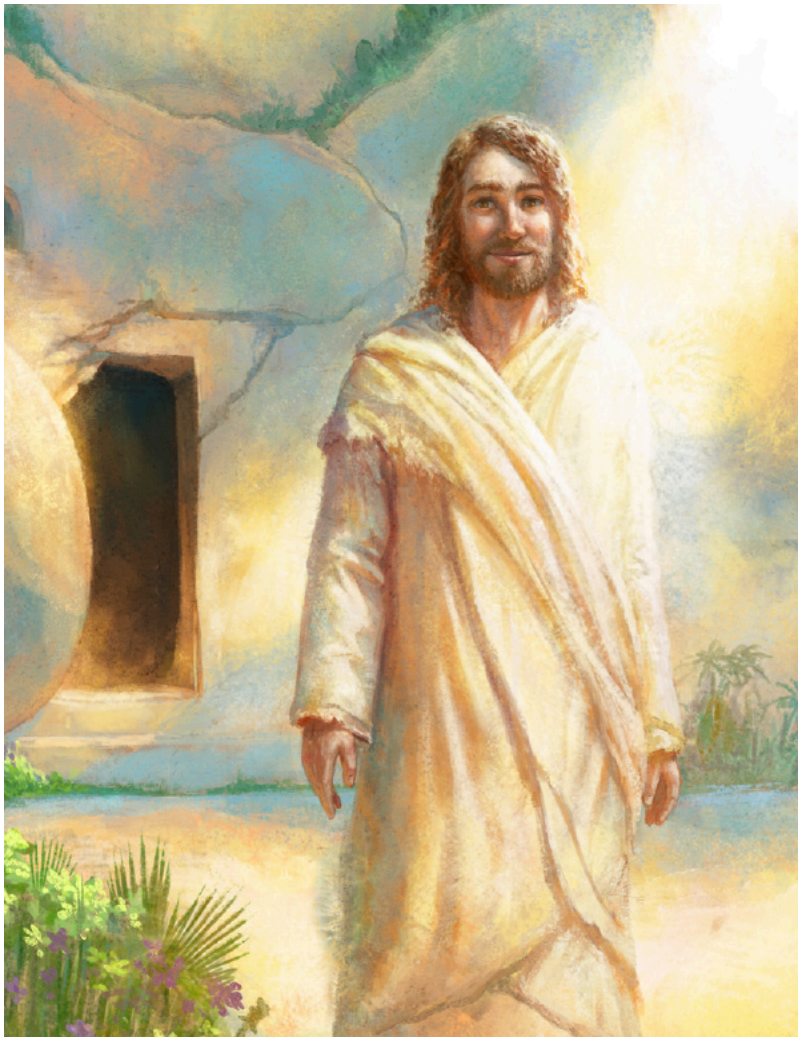

Responded to the battle cry

O who will stand and fight?
Behold, our God is with us!

We serve at His command
They did not fear to give their lives

But boldly took a stand
This willing band of brothers

Were by their mothers taught To trust in God continually

Be true in deed and thought
For God would then protect them

Their faith He would reward
They did not doubt their mothers knew

They trusted in the Lord With Helaman their leader

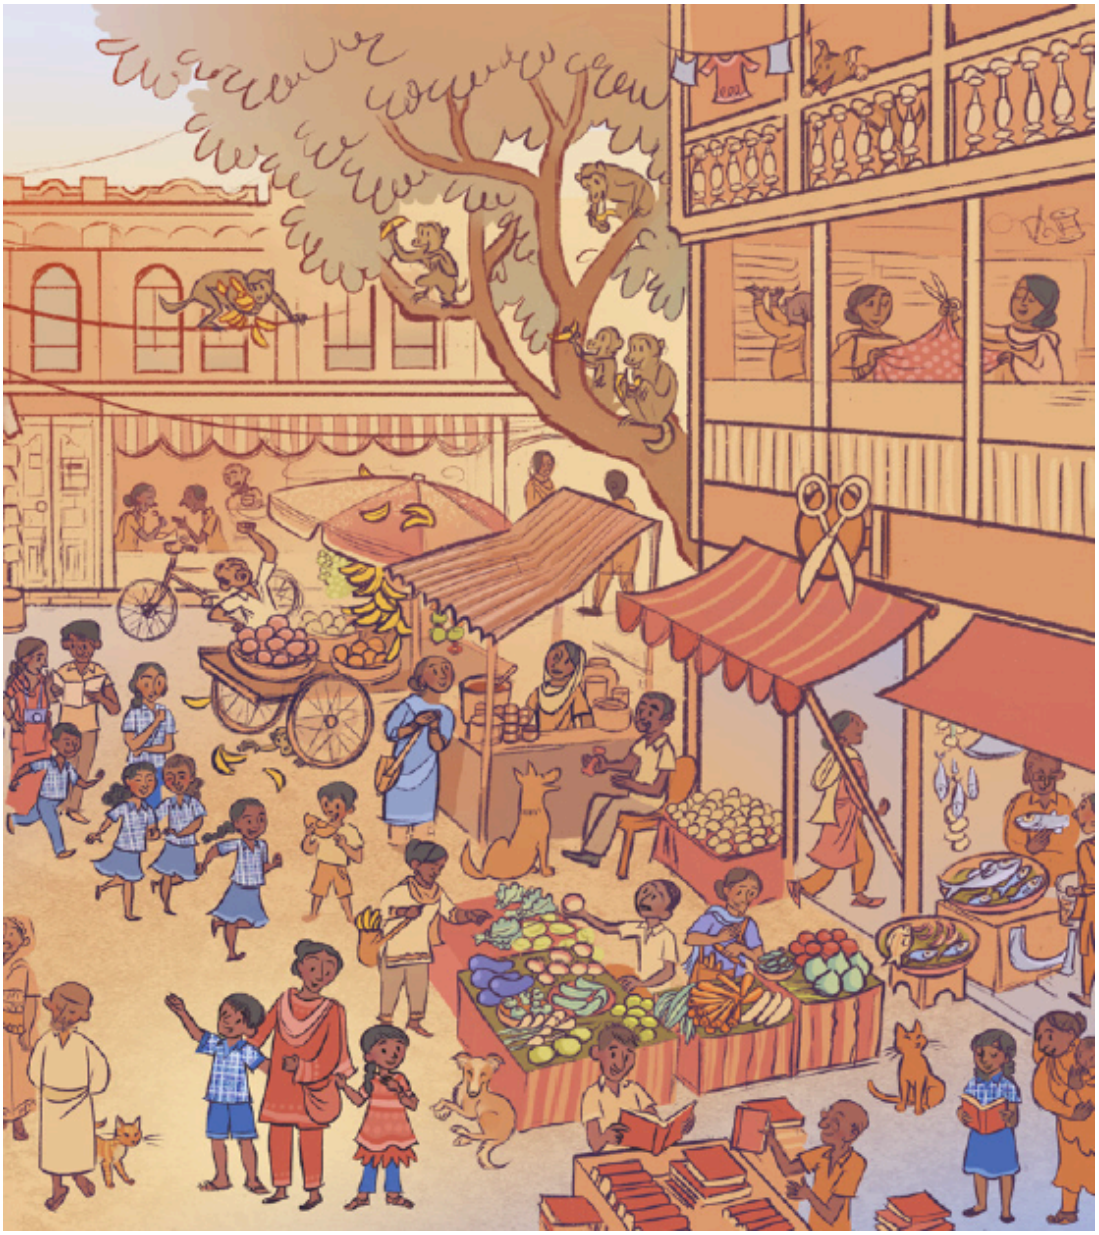

This valiant brotherhood United in exceeding faith

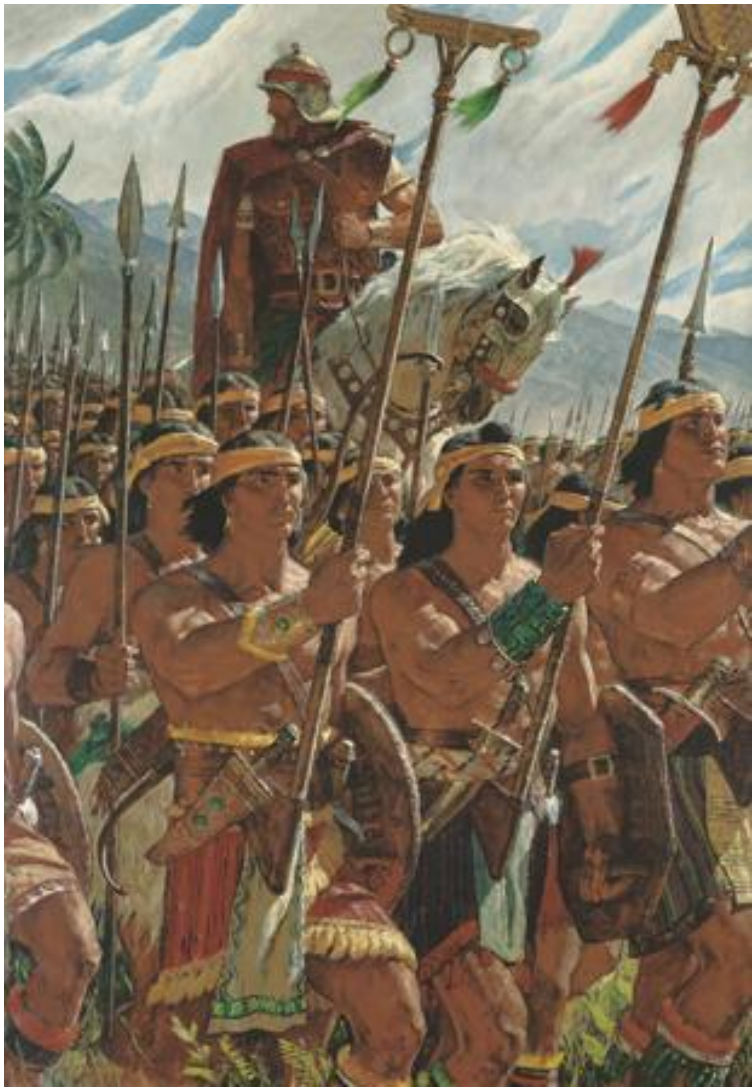

And fearlessly they stood
With no desire for bloodshed

but wanting to be free
They fought for life and liberty

For God and family
Two thousand stripling warriors

Courageous for their cause

Went forth as with the strength of God

And not one soul was lost

Their faith had made them mighty

Their strength was multiplied

They fought with pow’r beyond their own

For God was on their side
