

2023 KML Schools Conference Session Overview

On June 6th you will have an opportunity to grow together with PreK-12 KML Schools teachers. Breakfast items will be available starting at 7:30 AM. Pastor Matt Mueller will lead our opening devotion and keynote starting at 8:00 AM on the topic "Helping Students Overcome a Fear of Failure." There will then be three one hour sessions in which you can choose a sectional that would provide the best opportunity for you to grow. The sessions include four different sets of new KML PreK-12 standards that we hope to have ready to share by then. If the committees don't finish their work prior to then, we will make the necessary adjustments. The Center for Urban Teaching, Dr. Ashley Schoof from Christian Family Solutions and two Wisconsin Lutheran College professors will share their expertise along with a few more options. The conference will conclude with lunch provided by Texas Roadhouse from 12:30-1:30 PM. We look forward to growing together with you as we work to teach essential skills with clarity.
