

September Session I: Prepping Survey Data

Part I: Intro and Overview (What/ Why)

Notes Space:

Guided Reflection:

1. What word comes to mind when you hear 'data cleaning'? _____

2. How do you personally relate to the data cleaning process?
 - a. Like an artist- *I am energized by my own creative license to explore, play and manipulate data in a way that feels best.*
 - b. Like a mathematician- *I instinctively know which formulas to apply where and in what precise order to get an answer from the data at hand.*
 - c. Like an athlete- *It's both mentally and physically taxing to clean data. I have to put in serious effort to reap the rewards.*
 - d. Also like a sous chef- *I only trust myself and a few proven data influencers to get me the best results.*
 - e. Something else. Explain: _____

3. Right now, how prepared do you feel to use Tableau Prep OR Power Query?

1 _____ 5

"Super Novice" "Already an Expert"

4. Given the content preview in this vignette, what tangible artifact(s) do you hope to have in hand by the end of today's session?

Part II: Data Cleaning in Tableau Prep/ Power Query

[Step by Step Guide: Tableau](#)

[Step by Step Guide: Looker Studio](#)

Take notes in the space below, as needed, during the breakout room demo:

Session Takeaways:

1. What is one thing you learned from the demo in your breakout room?
2. How will this demo help you with future data cleaning?
3. What is one concrete next step you have coming out of this session?
