

Pinole Community Resources for Coronavirus (COVID-19)

Dear Pinole Community,

There's one thing that's clear now more than ever: **our community is strong, and we must support one another if we're going to get through these difficult times.**

Therefore, our team at Visit Pinole put together a few resources we felt would be helpful at this time. Visit Pinole is an incubator to support economic growth, tourism, and community engagement in Pinole, California. We encourage you to stay connected by using #VisitPinole on social media and engage with our [Facebook group](#) and our [Instagram page](#).

This is a living document and will be updated with our community resources as much as possible. Please reach out to us at visitpinole@gmail.com if you would like to add any resources, businesses, or additional information to the list below.

We're in this together. Let's support our community.

Devin T. Murphy

Friend, Community Member, Planning Commissioner, & Executive Director of Visit Pinole
