Bonus Claim and Instructions

This casino is not afraid to show off its generosity. If anything, it is ready to spoil players with bonuses from the moment they enter the site. The fun begins with the first deposit, but you can extend it to the third deposit.

You will receive the following on your payments:

- A 300% deposit match of up to 1,000 USDT on your second payment
- A 200% matched bonus of up to 1,000 USDT on your third deposit

All three bonuses can give you the same amount, but you will spend more because the percentages differ. The minimum deposit for the first two deals is 10 USDT or an equivalent amount in another cryptocurrency. Also, you have a 30-time wagering requirement and a seven-day validity period.

Things change with the third deal. You need at least 25 USDT or an equivalent amount in another cryptocurrency to unlock it. The wagering requirement increases to 35x, but the validity period remains seven days.

These bonus deals are automatic. That means you'll receive them once you fund your account with enough USDT.
