What to Do If a Sale Isn't Tracked?

Sales might not be tracked due to browser settings or technical issues such as disabled cookies or cache interference. Here's how you can troubleshoot:

1. **Enable Cookies:** Ensure that cookies are enabled in your browser settings. Cookies are essential for tracking affiliate referrals.
2. **Clear Browser Cache:** Sometimes, a full cache can block proper tracking. Clear your browser's cache and reload the page.
3. **Use a Private Browser:** Switching to incognito or private mode can help bypass extensions or settings that might block cookies.
4. **Contact Support:** If none of the above works, please get in touch with our support team via email at contact@nanocreation.fr or our affiliate Discord for further assistance.

How to Change Your PayPal Information?

Keeping your payment details up to date is crucial to ensure you receive your commissions. Follow these steps to update your PayPal account on Payhip:

1. **Log in to Your Payhip Account:** Use your affiliate credentials to access your dashboard.
2. **Go to Account Settings:** Navigate to the settings menu and select "Payment Details."
3. **Enter Your New PayPal Information:** Update your PayPal email address in the designated field.
4. **Save Changes:** Ensure you click the "Save" button to apply the updates.

Note: Payments will be processed to the updated PayPal address starting from the next payment cycle.

When and How Are Payments Processed?

We process affiliate payments on a monthly basis. Here's everything you need to know:

1. **Payment Schedule:** Commissions are paid out on the 15th of every month for sales made during the previous month.
2. **Processing Time:** Payments typically appear in your PayPal account within 5-7 business days after processing.
3. **Missed Payments:** If your payment hasn't arrived within this timeframe, please verify your PayPal details in your account settings and reach out to us at contact@nanocreation.fr.

How Long Does the Affiliate Cookie Last?

Our affiliate cookie lasts **30 days** from the moment a user clicks your referral link. This means any sale made within 30 days of clicking your link will count towards your commission.

Optimization Tips for Affiliates

How to Maximize Your Results

Becoming a successful affiliate isn't just about signing up—it's about actively engaging and promoting the products to the right audience. Here are some key strategies to boost your results:

1. Choose the Right Platforms

Each platform has unique strengths for sharing affiliate links. Here's how to leverage them effectively:

- **Social Media:**
 - Share your affiliate links on platforms like Instagram, X (Twitter), TikTok, or Facebook. Use engaging visuals or reels showcasing the product's value.
 - Utilize hashtags like #GraphicDesign, #FC25, #StreamerAssets, or relevant trends to expand your reach.
 - Post regular updates, such as new product launches, promotions, or testimonials.
 - **Blogs and Websites:**
 - Write detailed reviews or how-to guides showcasing the benefits of Nanocrea products.
 - Add your affiliate link naturally within the content, preferably as a call-to-action (CTA) button.
 - Consider adding banners to your website's sidebar or footer for continuous visibility.
 - **Email Marketing:**
 - Send targeted emails to your subscribers. Include a mix of value-driven content and your affiliate links.
 - Highlight promotions, special offers, or limited-time deals to create urgency.
-

2. Share Engaging Content

To captivate your audience and drive clicks, focus on creating valuable content:

- **Product Tutorials:** Showcase how Nanocrea products can be used by streamers or creators. Short videos work great for this!
 - **Testimonials:** Share real feedback or success stories from other creators who use the products. This builds trust.
 - **Behind-the-Scenes:** Show how Nanocrea designs are crafted, emphasizing their quality and creativity.
-

-

Track your performance regularly to refine your approach:

- Use the **Payhip Dashboard** to monitor clicks, conversions, and commissions.
