

AI Agents Accelerator

Membership & Refund Policy

Effective Date: March 2026

About This Policy

AI Agents Accelerator is a private learning community designed to help members master AI automation, build real skills, and grow their businesses. Members receive immediate access to multiple structured courses, premium templates and resources, expert support, and a network of motivated builders all working toward the same goal.

Because this value is delivered the moment you join, our refund options are structured accordingly.

What Members Receive

Upon joining, members gain instant access to the full scope of their membership tier, including:

- Multiple courses covering Claude Code & Claude Cowork, n8n, AI agents, voice agents, and more (beginner to advanced)
- Premium resources, business documents, and client acquisition playbooks
- Expert support across 10+ industries
- Private community access, collaboration opportunities, and member-only deals
- Access to all current and future courses as they launch
- 150+ ready-to-use AI agent templates with weekly new template drops

Higher tiers include additional benefits such as private 1:1 technical support, VIP access, direct chat access to the founders, and dedicated business resources.

Monthly Memberships

Monthly memberships are non-refundable. You have full flexibility to cancel at any time directly from your account settings. Once cancelled, your access remains active through the end of your current billing cycle. No further charges will be made after cancellation.

Annual Memberships

Annual memberships include a 7-day evaluation window. If you join and determine within the first 7 days that the community is not the right fit for you, you may request a full refund.

After the 7-day window has passed, annual memberships are non-refundable for the remainder of the billing period. You will retain full access until your annual term expires.

How to Request a Refund

To request a refund within the eligible window, contact our team directly. When you reach out, we may ask for brief context to help us improve the community experience. This may include:

- What goal you were hoping to accomplish when you joined
- How the community fell short of supporting that goal

This feedback is optional but helps us continue improving what we offer.

Access After Refund

If a refund is approved, community access is revoked immediately. This includes all courses, templates, community spaces, and any private resources associated with your membership tier.

Our Commitment to Members

We aim to keep AI Agents Accelerator fair, supportive, and high quality for every member. While our refund policy is structured to reflect the immediate value delivered upon joining, we will always make decisions with member experience and community integrity in mind.

If at any point you feel stuck or unsupported, reach out to our team before considering cancellation. We would rather help you break through than see you walk away.

For refund-related inquiries, contact us at: adaptifyai123@gmail.com
