PROJECT DIAPERS - SELF-TAPE INSTRUCTIONS

You can use your cell phone for filming, try to film this in 1 - 4 video files. It would help if someone could film you and your baby together. Please film in landscape format.

All babies should only wear a diaper in the video. Parents can dress casually. We need a clear shot of the baby's face. Helps to shoot video from low on the floor.

PARENTS:

1. First introduce yourself/yourselves and your baby.
2. Show us both of your hands front and back.
3. Parents should be on the floor interacting with your baby, playing with him or her.

OLDER BABIES (CRUISERS 9 TO 24 MONTHS)

1. 5Show us a clear shot of your baby's face.
2. Let them move around and play, looking for energy!
3. Bonus: Does your baby have any "special moves"? (A unique crawl? Scoot on her bottom? Love to dance to music? Climb? Do downward dog? Jump, roll? Fall on her bum? Etc!) We would like to see these movements.

YOUNGER BABIES (SWADDLERS 6 TO 12 MONTHS)

1. Show us a clear close up shot of your baby's face.
2. Baby solo - just playing and being themselves
3. Mom can talk to your baby off camera to get his/her attention, show a toy or make sounds.

OLDER BABIES WITH OTHER ABILITIES (CRUISERS 9 TO 24 MONTHS)

1. Introduce your baby/toddler.
2. Show us a clear shot of your baby's face.
3. Tell us a little bit about your baby. If he / she is blind or partially sighted, deaf, HOH or wears glasses, has down syndrome or has a physical disability.
4. Let them move around or just play.
5. Bonus: Does your baby have any "special moves"? (A unique crawl? Scoot on her bottom? Love to dance to music? Climb? Do downward dog? Jump, roll? Fall on her bum? Etc!) We would like to see these movements.

YOUNGER BABIES WITH OTHER ABILITIES (SWADDLERS 6 TO 12 MONTHS)

1. Introduce your baby.
2. Show us a clear shot of your baby's face.

3. Tell us a little bit about your baby. If he / she is blind or partially sighted, deaf, HOH or wears glasses, has down syndrome or has a physical disability.
4. Baby solo - just playing and being themselves.
5. Mom can talk to your baby off camera to get his/her attention, show a toy or make sounds.

AFTER YOU HAVE MADE THE SELF TAPE, PLEASE UPLOAD IT ONTO OUR APPLICATION FORM:
