

# Guidance Items

The end of the 2024-2025 school year is upon us. Our ABC Awards were Monday, May 5th. Our Senior Scholarship Night was Monday, May 12th. End of Course testing is now a case of anxiously waiting for the test results to see who earned the dream about exam exemption. Summer school is just around the corner as are credit recovery classes, lots of evening events and final exams. They also encourage you to look at the various other articles in this newsletter to learn about picture day, student registration, back to school activities and details about graduation practice and the graduation ceremony.

With all this going on, they are still available to help our students. They hold meetings for our students, talk to them when they are anxious and help them with their school work. They educate them about educational opportunities and sit down with them to discuss the daily issues and challenges our students face. Here is the contact information for our guidance staff:
