Course Description:

Video production advertisement [video](#) (about 1 minute)

This course offers an introduction to video production taught by a working industry professional. You will learn how to tell a story with audio and video, storyboarding, on camera acting, voice acting, Digital Cameras, digital audio and video editing, special effects on a Mac with Final Cut Pro and Adobe Premiere/After Effects. Students will create various media projects including television commercials, music videos, public service announcements, video montages, sound enhancements for film & TV, and short films. Students are given the opportunity to learn how to become reporters on our local Falcon 5 news and be on a real news set! If you like music and video this is a must take class. ***This course has the potential to earn dual-enrollment college credit.**

[This course meets the CSU/UC Visual and Performing Arts requirement.](#)

Recommended Skills:

Ability to focus and work with others productively in a group setting. Ability to have a good time. A desire to learn about video and the movie making industry.
