

Student Parking Regulations

Driving and parking on campus is a privilege, not a right. Students who choose to drive to school are expected to operate their vehicles safely and comply with all campus rules and procedures.

Parking Permit Requirements

1. All students who park on the Long Creek High School campus must purchase a valid LCHS parking permit.
 - Parking Permit Fee: \$25
2. Parking permit applications must be completed online. Students will need:
 - Valid driver's license
 - Vehicle license plate number
 - Current proof of insurance
 - Payment of the \$25 permit fee
3. Parking permits must be displayed at all times by hanging them from the rearview mirror so they are clearly visible.

Parking Lot Expectations

1. Park only in the assigned and designated student parking spaces.
2. Vehicles must be parked legally and within the marked parking lines at all times.
3. The campus speed limit is **10 mph**.
4. Once a student arrives on campus, the vehicle must remain parked in its designated parking space until the end of the student's school day unless permission is granted by a campus administrator.
5. Loitering in the parking lot before school, during the school day, or after school is prohibited.
6. Students may not return to their vehicles during the school day.
7. All school rules remain in effect while operating or parking a vehicle on campus.
8. Students are responsible for securing their vehicles and all contents inside. Vehicles should remain locked, and keys should not be shared with other students.

Vehicle Searches

Vehicles parked on school property are under the jurisdiction of Long Creek High School. School officials may search a vehicle whenever there is reasonable suspicion that it contains evidence of a violation of school rules or the law. Searches may occur with or without the student's and parent's consent.

Random Drug Testing

Students who obtain a parking permit must consent to the district's random drug testing program in accordance with district policy.

Parking Lot Violations

The following are examples of parking violations and are not intended to be an all-inclusive list:

- Parking in unauthorized areas, including faculty parking, visitor parking, fire lanes, grass areas, or other restricted locations.
- Exceeding the campus speed limit or driving recklessly.
- Allowing passengers to ride in the bed of a truck, on the hood, on side rails, or in any unsafe manner while the vehicle is in motion.
- Failing to report an accident or damage caused to another vehicle or leaving the scene of an accident.
- Any violation of campus parking regulations or the Student Code of Conduct.

Other Violations

- Students must maintain **at least 95% attendance** and a **minimum grade average of 70** in all classes to keep parking privileges.
- Attendance and grades will be reviewed at **UIL eligibility checkpoints**. If attendance or grades fall below the requirements, the student will have until the **next checkpoint** to improve.

Consequences

Students with a Valid Parking Permit

First Offense

- \$5 parking citation and violation notice placed on the vehicle

Second Offense

- \$10 parking citation and violation notice placed on the vehicle

Third Offense

- \$20 parking citation and loss of parking privileges for 30 school days

Repeated violations or serious safety infractions may result in immediate suspension or revocation of parking privileges, disciplinary action under the Student Code of Conduct, and/or towing of the vehicle at the owner's expense, as determined by the campus administration.

Students Without a Valid Parking Permit

Any vehicle parked on the LCHS campus without a current school year parking permit may be cited, denied parking privileges, and/or towed at the owner's expense.

Students are also subject to disciplinary consequences outlined in the Student Code of Conduct for any parking or vehicle-related violations.
