The Design

Sylvie shares this about her design:

I felt inspired by the artwork after creating the [Epiphany banner presentation](#).

- *The wine in the chalice represents the blood of Jesus Christ which was shed for us*
- *Next to that are green rows in a vineyard*
- *The heart is the love that we have for Jesus as an individual and as a community, and that he has for us*
- *The tea cups represent fellowship when we get together for coffee after church, during potlucks, or bible study - there is always coffee or tea to enjoy*
- *The dove represents peace and the Holy Spirit and family: there is a dove resting with a heart on her chest and her mate flying to the nest to help feed their young chicks*
- *The wheat represents the body of Jesus Christ which we break during Communion*
- *The circle around 25 years can represent God's eternal love for us*
- *The logo appears in white in the bottom right hand corner*
