

My name is Volodymyr Pauchok. I am currently a junior at St Charles East High School in St Charles Illinois. I have played soccer for 6-7 years. From then on soccer has been a huge part of my everyday routine. The memories I make and the people I play with are what is most important to me. I have learned so much through the game and continue to love it to this day. During my free time I am often in my backyard playing soccer with my younger brother, or I am hanging out with my friends and family.

As a junior, I am a varsity player for a program that was ranked in the top 25 throughout the year in 3A (the highest class in the state). Along with high school soccer I play club soccer year-round at Campton United. I typically play as a defensive center mid, but I am comfortable playing center back, and attacking center mid.
