

Project Proposal - Brenna Martin	
Project Name	Gift of Gracie
Project Type	Book drive to non-profit
Project Proposal Date	Start of book drive: May 1
Project Manager	?
Target Completion Date	End of book drive: May 19
Total Budget Estimate	\$0
Project Objective Statement	<p>Gift of Gracie is a non-profit organization, it was started by my aunt Tiffany Peterson after my cousin Gracie was born. Gracie had many birth defects and had several surgeries within the first year of her life. The hospital was very boring especially to young children like Gracie. By taking them books it helps them see the best of their situation. The NEW books that our book drive will collect will benefit children that are in the hospital for long amounts of time. We will collect the books around the school. At the end of the book drive I will take the books to my grandma who makes gift bags for Gift of Gracie.</p>
Key Stakeholders	<p>There is a non-profit that takes the books and hands them out to children in hospitals, and even when the book drive is over my family and I will continue to do Gift of Gracie.</p>
Project Benefits	<p>This project benefits the children that are bedridden in hospitals. They get very bored and having a book to read helps them escape the world.</p>
