

Privacy Policy for Shoooterrrio

Effective Date: May 25, 2025

Welcome to **Shoooterrrio**, a mobile game developed by Jamarc ("we", "us", or "our"). This Privacy Policy explains how we handle your information when you use our game. By downloading or playing Shoooterrrio, you agree to the terms outlined below.

1. Information Collection and Use

Shoooterrrio does **not collect or store any personal information** from players. We don't require you to sign up, log in, or provide any data to enjoy the game. Everything happens offline, right on your device.

2. Location Data

We do **not track or collect any precise location information** from your device. The game doesn't use GPS or any form of real-time location services.

3. Third-Party Access

Since Shoooterrrio doesn't collect any data, we don't share anything with third parties. No analytics, no advertising networks, no third-party SDKs—just gameplay.

4. Opt-Out and Uninstalling

If you ever want to stop playing, you can simply uninstall the game from your device. This will remove all game-related files and settings from your phone or tablet.

5. Children's Privacy

Shoooterrrio is not designed to collect any information from users, including children. We do **not knowingly collect or request personal data from anyone under the age of 13**. If you're a parent or guardian and believe your child may have shared personal information through the game, please contact us immediately at enatejanarc@gmail.com, and we'll take appropriate action.

In countries where data protection laws apply, users typically need to be at least 16 years old to consent to data processing. Since Shoooterrrio collects no personal data, there's no processing to consent to—but we still recommend parental supervision for younger players.

6. Security

We care about your privacy, and while Shoooterrrio does not store or transmit personal data, we design our game with player safety and security in mind. Since no data is collected, there's no risk of personal information being accessed or misused.

7. Changes to This Policy

This Privacy Policy may be updated from time to time to reflect changes in our practices or legal requirements. We'll always update the in-app or store listing to reflect the latest version. Continued use of Shoooterrrio after any changes are made means you accept those updates.
