

Mistress and Slave Day 4

*Kristen Stewart's was in her bed waiting for Siri to tell her it was time to start her day when she heard the door open and in came her perky slave **Joalin Loukamaa** with another delicious smelling breakfast.*

Kristen: Oh my, slave. What do you have for me today?

Joalin: They are called *pulla*, it's another family recipe.

Kristen took a bite and closed her eyes while she slowly enjoyed the delicious Finnish Cinnamon Roll.

Kristen: This is the best one yet. Is that cardamon again?

Joalin: Yes, cardamom is used a lot in Nordic cooking. The Vikings brought some seeds back with them and it's been used in our cuisine ever since. You can only eat a few pulla because they have a lot of calories.

Kristen: If I eat too many I'd have to spend extra time in the gym.

Joalin's eyes lit up.

Joalin: The Gym? Are we going back to the Badass gym?

Kristen: Not today and no, you're not going to get in the ring with Vanessa

again. If you ignore her she will go away.

Joalin: I really learned a lot and your teammates are very nice.

Kristen: They are except for maybe Vanessa. I'm really sorry for that.

Joalin: I'm sure deep down she is a nice person but she has some issues.

Kristen: Ya think?

Joalin: Do I think? Why would you ask that? Of course I think all the time. Everyone does.

Kristen: It's just a sarcastic expression.

Joalin: Maybe Vanessa is such a bully because of her size.

Kristen: That could be. In America it's called "*little man syndrome*". It's a condition where a man, or nowadays a woman, feel inadequate because of their lack of height and they overcompensate with overly aggressive behavior. Sometimes you see them in jacked up pickup trucks.

Joalin: Like your Tacoma?

Kristen: Actually that's one of the smaller trucks.

Joalin: Well, it sounds a lot like Napoleon where he tried to invade the world.

Kristen: Exactly. We'll start calling her Vanessa Bonaparte.

Joalin:I really hope she gets some help. She really needs some.

Kristen: I highly doubt it but you never know.

Joalin: So, what are we doing today, Mistress?

Kristen: Today we'll be working on your image.

A concerned look came over Joalin.

Joalin: Is there something wrong with *my image*?

Kristen: Absolutely nothing unless you're a 12 year old adolescent

Joalin: But those are my fans and I love them.

Kristen: It's time to expand your fan base. **Dove Cameron, Kendall Jenner, Zendaya**, and **Jordyn Jones** will be over shortly and we will be going to go over your image.

Joalin: I just like being myself and never try to be someone else. I think

I'll just let my image be.

Kristen: That's up to you but you should at least listen and then you can decide.

Kristen and Joalin finished up their breakfast and took a quick swim then sat in the hot tub until Kristen's guests arrived. Dove, Kendall, Zendaya and Jordyn sat poolside as Joalin climbed out of the pool. Before she dried off her firm nubile

body she grabbed a robe and held it out waiting for her Mistress. Kristen stepped out and Joalin gently wrapped the robe around her shoulders and brushed her hair off to the side of her face. She lightly patted down Kristen's glistening wet body then took a step back. Dove leaned over to Kendall and under her breath muttered.

Dove: I gotta get me one of those.

Kendall: They're called assistants and you are on your 3rd one this year.

Dove shrugged her shoulders.

Dove: Good help is so hard to find.

Kendall: Especially when you're a Diva like yourself.

Dove: Diva? You think I'm a Diva? You should talk.

Kendall: Come on Dove. I heard that you have your hair combed with a toothbrush every morning.

Dove: The bristles are softer. I get bad split ends otherwise.

As they were discussing Dove's diva-like behavior, Joalin walked up and stood in front of the guests.

Joalin: Would you lovely ladies like some refreshments?

Kristen: Say yes. Trust me, you won't be disappointed.

Joalin turned and headed to the kitchen.

Zendaya: You really seem to be enjoying yourself, Kris.

Kristen: It turned out pretty well. She's really nice. Maybe a little too nice. That's why you are here.

Jordyn: If you wanted to corrupt her maybe you should have invited **Bella Thorne**.

The 4 Barbies shared a quick laugh.

Dove: Come on now, Jordyn. Bella may be a little risqué but she's really not that way.

Jordyn: Yeah, I know. I'd probably do the same if I could make \$40 million in a month on OnlyFans.

Zendaya: Why do you want us to help her out? Are you two a thing now?

Kristen: No, Ummmm . . . not yet.

Kristen gave Zendaya a mischievous smile.

Zendaya: I know what you are talking about. Raccoon's are yummy.

Kristen: Joalin has a decent fan base but we need to put her on the next level. Kendall, you can show her how you use Instagram and Dove, you can give her some pointers taking selfies. Jordyn, I want you to show her how to get followers on TikTok and Z, you can show her how to navigate the red carpet.

Jordyn: I see that Joalin is already on TikTok and has 2 plus million followers.

Kristen: I know but we need to get her to where you are.

Dove: I'm sure she knows how to take selfies. Everyone does.

Kristen: But she's only getting a handful of likes.

Kendall: Does she have time to do multiple daily posts on Instagram? She's going to need an assistant for that.

Kristen: Hopefully after you teach her a few tricks she'll be so popular that she'll be able to afford an assistant.

Zendaya: Are you sure she wants all that attention? Being in the spotlight isn't for everyone.

Dove: I watched some **Now United** videos. She has an attitude and looks very comfortable on stage. She has *Diva* written all over her.

Kendall: The problem is that Now United has like 20 members. She stands out for sure but she needs to be in the spotlight.

As the Badass Barbies were discussing Kristen's slave, Joalin returned with some tasty treats and a pitcher of Iced Tea. After enjoying the refreshments Kristen took Joalin and Kendall inside and the two started working on Joalin's Instagram presence.

Kendall: *Tervetuloa, Joalin, autan sinua mielelläni.*

Joalin's eyes lit up and a smile came across her face.

Joalin: You speak Finnish?

Kendall: A little, Kylie taught me a few phrases. She is the one who is fluent in Finnish.

Joalin: Really? I had no idea. I'm very impressed. Finnish is not an easy language to pick up especially as a secondary language.

Kendall: Most of the Barbies speak Swedish as a second language. It's more commonly used.

Joalin now looked confused.

Joalin: That's odd. Why would the Barbies learn how to speak Swedish?

Kendall: I'm just messing with you. Kristen told me you were very trusting and Zara said you weren't crazy about Swedes.

Joalin: Luuletko sinä että olet hauska? No et ole!

Kendall: What does that mean?

Joalin: I just complimented you on your beautiful smile.

Kendall: You like my smile, Thank you. Let's get down to your image.

Joalin: To be honest I really like my image. It's what my fans love and I don't like pretending to be someone else.

Kendall: How many followers do you have on Instagram?

Joalin: I really don't look.

Kendall: That's a load. Come on now, Joalin. Everyone knows how many followers they have.

Joalin: I guess around 3 million.

Kendall: 3.6 million. That's a really impressive start but that's nowhere near where you need to be.

Joalin: Really, how many followers do you have, Kendall?

Kendall: 194.5 million.

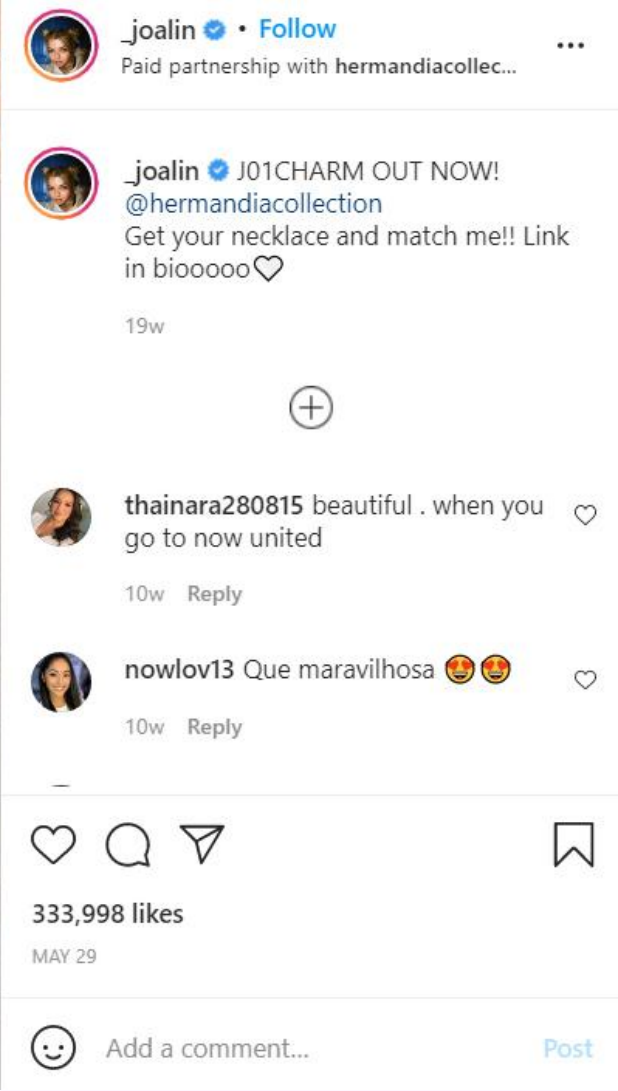

Joalin gasped.

Joalin: Almost 200 million followers.

Kendall: That's just Instagram.

Joalin: That's incredible. You have 35 times more followers as there are people in Finland.

Kendall: OK, what is your top post? Which posts got the most likes?

Joalin: It was a post I *made* a few weeks ago for *Hermandia*.

Kendall looked up the post.

Kendall: Oh my. You look absolutely gorgeous. How much modelling do you do?

Joalin: Not as much as I'd like. Since you're the highest paid model, maybe you could help me.

Kendall: One step at a time. Let's at least double your followers first. Why do you think that the Hermandia post got the most likes?

Joalin: Because they have amazing outfits.

Kendall: Wrong! It's because you had your makeup done and you showed some skin. It also looks like your dancing posts get a lot of attention.

Joalin: You said that showing skin gets more likes. How much skin do I need to show?

Kendall opened up her Instagram account and they looked through Kendall's posts.

Joalin: What's your favorite post?

Kendall showed Joalin her famous Jet Ski post where she untwisted a bottle top with her toes.

Kendall: That one went viral and got 20 million likes the first day.

Joalin: That was awesome. OK, I'm in.

Kendall: Tomorrow I'll send over my photographer and some outfits and we'll get you started on your way to 50 million followers.

Joalin thanked Kendall and gave her a hug. Dove Cameron was next and sat down with Joalin.

Dove: Vad trevligt att äntligen träffa dej! Kristen har berättat så mycket om dej.

Joalin: You speak Swedish? I thought Kendall said she was kidding.

Dove: Why would Kristen kid about something like that. All the Barbies speak Swedish. Why wouldn't we?

Joalin now looked totally confused.

Dove: You are gullible.

Dove punched Joalin on the shoulder.

Dove: I looked at your social media accounts and noticed that you don't take a lot of selfies.

Joalin: I keep taking them but they never turn out like I want them to.

Dove: Like this out of focus one. Yuk! Never post anything like that again.

Joalin: It still got some likes.

Dove: Selfies take a lot of time to perfect. A lot goes into them and the first one is never the best one.

Joalin: I thought the idea of a selfie was to just take a shot in the moment.

Dove: I guess that will work if you're a soccer mom posting pics of your little brat but if you want to have a popular Insta account you have to stand above everyone else.

Joalin: So what should I be doing?

Dove: The easiest way to get followers is to tease or show a little skin.

Joalin: You really like going braless and did you know that in this post your nipples are poking through your top.

Dove tilted her head.

Dove: You do know that's on purpose.

Joalin: You did that on purpose?

Joalin punched Dove on the shoulder.

Joalin: Now you're the gullible one.

Dove: I like you, you're funny. How many blue marks are following you?

Joalin: I'm not sure.

Dove: I'll get all of the Barbies to follow you. That alone will triple you followers. Now I want to go over taking a video selfie.

Dove went over some of her secrets on taking selfies and after perfecting a few poses, Joalin posted them to her account. Zendaya and Joalin sat down and went over how to act on the Red Carpet.

Zendaya: It's so good to finally meet you.

Joalin: You don't also speak Finnish?

Zendaya: *Varför skulle jag prata Finska när alla talar Svenska?*

Joalin: OK, do all of you speak Swedish or not. That sounded way too

good.

Zendaya: I'll let you decide.

Joalin: It's so good to finally talk with you. Alex has told me so much that I feel I already know you.

Zendaya: She did? Does Alex really talk about me?

Joalin: All the time. She won't shut up sometimes. It's Zendaya this and Zendaya that. I think I know everything about you by now.

Zendaya closed her eyes and dreamt of being in her girlfriend's arms. After a long sigh she came back to reality.

Joalin: You are so tall in real life. Even taller than Alex.

Zendaya: I'm only a few inches taller than you. Wearing heels makes me look a lot taller than I really am.

Joalin: You're still tall and so glamorous.

Zendaya: Thank you but I look taller than I really am. It all depends on how you dress and how you handle yourself.

Joalin: How do you always look so graceful?

Zendaya: First off you need to be comfortable in heels. How often do you wear high heels?

Joalin: I hardly ever wear them. They hurt my arches and crunch my toes

Zendaya: Believe it or not heels actually strengthen your ankles and calves and help with your balance.. I even wear them while working out.

Joalin: I saw your last win over Isla Fisher. That head kick was brutal.

Zendaya: Heels, it's all in the heels.

Joalin: I don't have any heels. At least not ones like you wear.

Zendaya: We'll take care of that. I heard tomorrow is a shopping day.

Joalin: Oh, I love shopping. I can't wait.

Zendaya: How often have you been on the Red Carpet?

Joalin: Ummmm, never.

Zendaya: We're going to change that. Wearing that perfect outfit on the Red Carpet can make or break a career.

Joalin: Really?

Zendaya: You have to act like you own the moment and be the center of attention. Act like all the paparazzi and fans are there for only you and nobody else.

Joalin: I'm not sure I can do that.

Zendaya: You also have to be open and friendly. Engage with your fans and take time for selfies and autographs.

Joalin: I’ve got that part down. I love my fans.

Zendaya: What size are you?

Joalin: Shoes? I’m a size 40.

Zendaya: 40?

Joalin: I think that's 9.5 in the US.

Zendaya: At least you’re not an 11 plus like Bigfoot over on Hayden’s Powergirls.

Joalin: Bigfoot? Who is Bigfoot?

Zendaya: Jessica Biel. Her and Paris Hilton have the biggest feet in the UCC.

Joalin: I’ve heard that before and I don’t think she likes being called bigfoot.

Zendaya: She’s a wimp. Big muscles and a big mouth but can’t back it up. I’ll take her down again if she ever wants to go another round.

Joalin: What shoe size are you?

Zendaya: About the same as you. Try these on. I want you

to walk around in these for the rest of the day. You’ll feel it in the calves and your feet will be sore but trust me, you’ll get used to them.

Joalin wore Zendaya’s black stilettos for the rest of the day and while her feet ended up being sore she felt comfortable and couldn’t wait to get back and show Alex her new shoes.

Jordyn Jones was the last to meet with Joalin and when the two got together there was a chemistry between them and they hit it off. Both young blondes were of similar size and shape and both were singers and dancers. Their love for TikTok got them off on the right foot.

Joalin: I’ve been following you on TikTok since the beginning. You’re amazing, Jordyn.

Jordyn: Thank you but so are you. Some of your moves are incredible. Were you a gymnast growing up?

Joalin: No but I train like one. How do you get your butt to shake like that?

Jordyn: Lots of squats. You know it’s mostly in the angles. Look at Kylie. Her butt is not nearly as big as it appears on Social Media. She is the queen of camera angles. She’s really helped me out.

Joalin: Can you show me some of her tricks?

Jordyn gives Joalin a wink.

Jordyn: Only if you promise not to tell her.

The two young blondes continued to share tips until Kristen came in and escorted her slave away. Both young blondes had built up a good sweat and neither wanted to end their dance session but Kristen insisted that they leave. They shook hands and thanked each other.

Jordyn: *Pidän sinusta Joalin. Teemme tämän uudelleen.*

Joalin looked at Kristen

Joalin: Tell me the truth, Mistress. What is going on with the Finnish and Swedish?

Kristen gave Joalin an innocent look when Jordyn broke in.

Kristen and Joalin spent the rest of the night snuggling on the couch eating popcorn and binge watched Orphan Black until they fell asleep in each other's arms.
