

## Family Math Nights for Grade 3

Dear Third Grade Families,

Students in third grade and their families are invited to attend a math enrichment program called **Family Math Night!** There will be 4 nights for children to attend **with their caregivers**. We ask that younger siblings please stay at home.

What is Family Math Night? It is a program developed to enrich students' math experience around the New Jersey Student Learning Standards.

We have selected four different topics:

- Number Sense
- Geometry
- Fractions
- Measurement

Families attending will work on solving math problems and riddles, using manipulative materials, paper and pencil, and calculators. It is a fun way for students and parents to work together. Each session will last one hour.

We plan on hosting two sessions of Family Math Nights. We will be able to accommodate 10 families per session. If you are not able to attend these first nights, we will be repeating the program later on in the school year. If school is closed due to inclement weather, we will add a make-up day in March.

Family Math Nights will be held on the following dates:

**Tuesday, January 21, 6:00-7:00 pm**

**Tuesday, January 28, 6:00-7:00 pm**

**Tuesday, February 4, 6:00-7:00 pm**  
**Tuesday, February 11, 6:00-7:00 pm**

Please return the bottom portion of this letter if you would like to attend.

Dear \_\_\_\_\_ Family,

We hope you enjoyed attending Family Math Night! We are ready for our last Family Math Night on Wednesday, April 26th. Please enter the school using the front door. We will be meeting in room 116, the computer lab. We will begin at 6:00 PM.

We have some new math activities planned for this week! We will celebrate with a fun dessert too! See you later.

Sincerely,

Ms. Durante and Mrs. Vasile
