October 18 - 24, 2021

- **Waxing Gibbous & Full Moon in Aries:** Practice independence by tuning in with your own guidance system
- **Full Moon in Taurus:** Take inventory of your resources and how to best utilize them over the next couple of weeks
- **Full Moon & Waning Gibbous in Gemini:** See how you can improve the systems and technological aspects of your business

Monday, October 18

Waxing Gibbous in Aries begins at 3:04 am PST

[Combined with Full Moon Phase]

Mars trine Jupiter

A Mars Trine Jupiter Transit is a very fortunate and powerful transit. We feel a deep desire to go for exactly what we want. The actions that you start at this time will likely be very successful, and represent a significant transition for you

on your path. Be open to taking risks at this time, notice where you feel confident and follow where it leads you, this is a time when our instincts will be operating at an all-time high. It is important to be decisive and not waste too much time in decision making, when you take the lead and initiative you will be highly rewarded.

Mercury Direct in Libra (September 26 - October 18, 2021)

Mercury Post Rx Shadow - October 18 - November 2

Mercury out of Post Rx Shadow - November 2 - November 5

10 Libra - 25 Libra

With this being a post shadow period after Mercury's retrograde, we may feel like we are re-entering our work pace slowly and a little more hesitant. A lot has been processed and moved through and we may feel like everything looks a little weird or different than it did previous to the retrograde. Take your time and work out these changes, we were slowed down for a reason and it's for you to assess what has changed and HOW you're different and what this means for you moving forward.

Mercury in Libra shows us that relationships are like mirrors and that the words we speak internally often reflect the language we are using with ourselves. With Mercury in Libra, we are now seeing our minds being reflected back to us in relationships and it shouldn't be too much of a surprise if we don't always like what we hear. The challenge here is to not separate ourselves from our role in dancing with others mentally. If we choose to engage we naturally choose the experiences that follow - good or bad.

This is a very diplomatic placement, during this transit our communication becomes more practical, direct, and professional. It is a good time to let go of old disagreements and move into a place of clarity. We are more objective and forthright during this period and desire things to be balanced and fair. We must

watch out for being too 'nice', and filling in conversations with fluff, rather than going deeper and having a more meaningful conversation.

Waxing Gibbous in Aries - All Day

[Combined with Full Moon Phase]

Wednesday, October 20

Void Moon from 7:56 am- 12:58 pm PST [Aries to Taurus]

- Simmering down from the excitement and thinking more seriously about what needs to be accomplished over the next few days
- **Hold off:** on any big announcements/launches as this energy makes us distracted and like we're lingering in limbo
- **Fire to Earth** = putting into practice & structuring

Full Moon in Aries begins at 7:58 am PST

Independent Force

[Combined with Waxing Gibbous Phase]

- **Be a bold leader** ready to trailblaze your way through your industry, making big moves and promoting your best ideas
- **Share your brilliant** energy by letting yourself and your creations be seen
- **Step into your inner warrior** and stand up for justice, let your voice be heard
- **Waxing Gibbous:** Active & busy, implementing new skills and pushing for completion of tasks and projects
- **Full Moon:** Active energy for completing and wrapping up tasks

If you're high energy/in a work mood: This Moon will be intense and potentially force a breakthrough whether we're ready or not. Between the energy of a Full Moon in Aries like a hungry werewolf out for blood, and the long list of challenging aspects between other planets in the sky - there is a lot to process with this moon. Be a gentle warrior and stand up for what is right, true, and just. When it comes to business, you as the Leader/CEO will be faced with difficult decisions and the need to take action (sometimes without all the facts too). This moon encourages us to be decisive and take action - but only if it is driven by a strong positive intuition and what next steps to take. If you're driven by fear, this effect can backfire. The energies of this moon are like a very sharp knife, it's an effective tool to use when necessary but not something you want to play around with. Let the truth of your heart and soul be your guide here. You have the answers inside of you.

If you're low energy/in a self-care mood: Do something fun that genuinely brings you joy and starts a new pattern of getting your needs met. Know that your needs matter and you don't have to pretend that you're strong for holding out on prioritizing yourself. Let yourself come first during this moon and fill your cup back up until it's overflowing.

Social Media & Clients:

- Use this to generate excitement, make an announcement, have a flash sale, open a cart, kick off an event, close a cart,

- Get people to sign up for an event, take action, or rally behind a cause that's important to you.
- Talk about anything that you and your audience find irritating, frustrating or plain piss you off about your industry.
- Encourage building up your people as they face a breakthrough.
- Create a clear, concise Call to Action to make it easy for your people to say yes to your offer.
- Think short bursts, and only on what's most important to MOVE you and them FORWARD.

Moon Boost: Chiron Rx & Mars Rx in Aries

- **Chiron:** We're focused on our own wounds and how they've held us back from living our authenticity. How can we move through them and heal?
- **Rx:** Slowing down in our approach and looking deeper at whether we feel deserving of healing at all.
- **Mars:** Take action like a force of nature and unleash yourself on your goals right now, your power is amplified right now.

Full Moon in Taurus at 12:59 pm PST

Resource Inventory

- **Take inventory of what you tangibly need** to bring a project idea into reality (what skills do you have, what do you need help with, etc)
- **Update and organize your finances**, seek advice from a financial counsellor if necessary to put your mind at ease
- **Consider the structure of funnel systems**, sales page copy, etc with a focus on what your audience desires the most and what struggles threaten their security
- **Full Moon:** Active energy for completing and wrapping up tasks

If you're high energy/in a work mood: If you had an incredible idea come through you during the Aries Full Moon, then this is the moon to bring it down into reality. Write down and make concrete the details and strategy, as well as what resources are bare necessities. Taurus is a powerful sign for 'start ups' because it is all about building an empire with what you currently have at your

disposal. Let go of the excuse that you need a fancy setup to get started and work with what you have from where you are. Taurus understands that as you generate more profit you'll have more room to expand and grow but first you have to start somewhere. Make conscious decisions with the long view in mind, tapping into deep reserves of hope and belief in what you're working towards. Plod on in the direction of purpose and before you know it you'll have done more than you thought possible.

If you're low energy/in a self-care mood: We will be feeling the importance of creating a homey environment for us, and this may lean into a bit of laziness on Taurus' part if we aren't specific and we can't see how those tasks on our to-do list can bring us to a better quality of life sooner than later.

Social Media & Clients:

- Use this period to add beauty, playfulness, systems, habits, routines, structures, or tips to your community.
- Share your indulgences and enjoyments. Show them your humanity and playful side.
- Taurus is great for giving a sneak peek behind the scenes into how your system/service/offer works in real life. Show don't tell.
- If you have done-for-you services or templates that save them time or money this is a great time to share them.

Moon Boost:

Capricorn Pluto Rx

- **Pluto Rx** presents a prolonged crisis that we become conscious of and must purify from our business practices. We might see the painful results of what hasn't worked thus far and must do the gritty work of alchemizing that professionally into something that we *can* utilize.

Taurus Uranus

- **Uranus:** Best for innovating new technologies that help us make money online
- What physical tools and services do we need to upgrade in order to create more sustainable income and lower costs in our business?
- Entire restructuring of the global economic system and thus will impact personal finances and what role we play in the global market

Thursday, October 21

Full Moon in Taurus - All Day

Resource Inventory

Mars Square Pluto

Mars is the fighter, the rebel, the warrior, and Pluto is the destroyer, transformer, catalyst for great (and often shocking and destructive change). This is a potent mix that needs to be handled with the greatest of care. This transit triggers our desire for control, achievement, success, and power. We can notice an increased level of power struggles, confrontations, impulsivity, and conflicts at this time.

There is a tiredness with this transit, tiredness with being a victim, with playing small, with playing it safe, with doing work where others are benefitting more than you, and that while this transit may spark some important changes for you it is important to watch for jealousy, underhandedness, and potentially making enemies. We can act from impulse during this period, where there can be a feeling of doneness, and an unwillingness to compromise. We want what we want, and we won't necessarily be thinking of the outcome or the consequences of it.

Be careful of hotheadedness, tempers, and trying to push projects ahead faster than they are ready, just for the sake of getting them out there. Channel this energy into bettering your work, clearly communicating your wants and needs, and other grounding activities such as yoga, meditation, or even kickboxing. Allow this inner fuel to grow your work and be a force for positive change.

Friday, October 22

Void Moon begins at 1:35 pm (Taurus to Gemini)

- Emerging out of intense productivity and solitude towards socialization
- **Hold off:** on any big announcements/launches as this energy makes us distracted and like we're lingering in limbo
- **Earth to Air** = Introducing flow and balancing heavy with light energies

Sun in Scorpio (October 22 - November 21, 2021)

During this transit, we will be drawn to our inner world, to our intuition, and to spiritual and metaphysical teachings and journeys. Scorpio holds the veil between worlds, between life and death, dark and light, between wound and healing. It is an invitation to go more deeply into our water and intuitive side and see what messages we can find. If you have been craving a realness, to be more in tune, and connected with yourself and the spirit world this is the perfect transit to dive in and allow it to take you where you feel most drawn.

Saturday, October 23

Full Moon in Gemini begins at 12:58 am PST

System Tune-Up

[Combined with Waning Gibbous Phase]

Sunday, October 24

Waning Gibbous in Gemini begins at 10:34 am PST

System Tune-Up

[Combined with Full Moon Phase]

- **Analyze, brainstorm and plan** what changes you need to make in order to improve sales pages, brand messaging, and social media content
- **Adapt old plans** with new information to improve your sales system
- **Focus on courses/programs** and tweak your teaching materials with a less is more approach
- **Organize** and attend to the details of the various technological systems that help run your business (mailing lists, documents, procedures, etc).
- **Full Moon:** Active energy for completing and wrapping up tasks
- **Waning Gibbous:** Active energy being balanced and drawn inwards

If you're in a high energy/work mood: This moon is an excellent chance to do a tune-up on the systems that are and aren't working in your business. While the scattered energy of the Gemini Moon isn't necessarily the time to dive deep into

any one thing, it works best for getting an overall perspective of how everything is flowing together. Identify where there are gaps, delays and obstacles for the 'air' in your business to move

If you're in a low energy/self-care mood: Channel any scattered, anxious energy into creative pursuits or socializing with friends with who you're most close. Attend to your mental health with positive outlets like writing down your thoughts, speaking with a therapist or generally speaking out loud anything that is weighing heavily on your mind. The communicative energies of this moon can help us express ourselves and release tension from our minds. If you come up with great ideas but feel you can't act on them yet, this is the moon to write them down.

Social Media:

- Ask questions of your audience and engage them in discussions
- Share humorous stories, memes & pictures
- Use quizzes, games and elements of fun to engage your audience
- Offer trainings and educational/instructional videos
- Share information about technological tools that help you do your work that you can share and showcase with your audience
- Remember to keep your CTAs short, simple and to the point, we don't have huge attention spans during Air Moons.

North Node in Gemini gives us a feeling that we are moving in the right direction when we honour the role information and communication play in us building a community. In what ways can we listen and learn from others?

Libra Sun, Mercury & Mars

- **Sun** gives us the vital energy to show up for our audience and create lasting connections. This is the energy of a sophisticated, communicative leader who values human connection above all else.
- **Mercury** makes us extra aware of how our communication style could use some refining. Are we fair in our perspective and are we listening to what others have to say so that they're getting a chance to be heard?
- **Mars** directs our focus on the relationships in our life that help keeps us going - or prevent our growth in some way. How can you bring more fairness to your partnerships and collaborations?

Ongoing Transits

Jupiter Direct in Aquarius (October 17 - December 28, 2021)

21

JUPITER IN AQUARIUS (DIRECT - POST RX SHADOW) 22 AQUARIUS

POST SHADOW ENDS JAN 8, 2022 AT 02 PISCES

In the late 90s, Apple adopted a simple yet powerful slogan: Think Different. In two words, Apple extended a challenge to a wide audience for adopting an ethos of alternativity. While Jupiter is in Aquarius, the cosmos are asking the same of you. Instead of rethinking the modern computer, though, Jupiter is asking you to examine the beliefs that you hold as parameters for perception. Yes, that's right. In astrology, a belief functions as a parameter for perception, an indirect input for the show we call reality and the story we call life. The way this works is pretty basic. It involves turning a common expression on its head. Instead of saying "I have to see it to believe it," during this time, we can say: "I have to believe it to see it" because, in manifestation, we work backward from our realized wish.

If we can figure out which beliefs we have installed (first), and how they operate (second), then we will have successfully navigated Jupiter in Aquarius. If, on the other hand, we find ourselves second-guessing our beliefs or feeding into an unhealthy reality picture, then perhaps we have more work to do. During this time, the onus of belief identification is completely on us. After all, we are the ones who live inside our minds. How do you plan to think differently? During this astrological moment, which beliefs are up for review? With Jupiter in Aquarius, we are being asked to renegotiate our relationship to manifestation itself, our ability to magnetize or attract that which we desire. If you feel like you are lacking in this area, perhaps it is time to strength test your belief (like a muscle test but for your soul). How badly do you desire what you desire? If I

told you that your treasure is available but it is located at the top of a steep mountain, would you climb it?

Remember, beliefs can be subtle. Everything from the assumptions you make on entering a Taxi to the faith you rely on when signing a business deal. Sometimes, belief is ungrounded energy, reaching for security or certainty. No matter the way belief shows up for us, we are in a space of review, curiosity, and understanding during this transit. Not only are we ready to think differently, but we are also taking the actionable steps to re-engineer our lives along these lines, from the immediate and the practical to the subtle and the energetic. This is a time for re-invention, a time to think differently, to turn your industry on its head and do it differently. It's really a time to re-invent the wheel, I mean why do we need wheels when we can fly?

Saturn Direct in Aquarius (May 23 - Oct 10, 2021)

06° Aquarius 53'

SATURN DIRECT - POST RX SHADOW ENDS JANUARY 15, 2022 AT 13 AQU 31'

As Saturn returns to its forward movement in the sky, our minds are more or less done reviewing information and now we're much more focused on how we can properly apply the lessons we're learning. Without testing our ability to stay consistent and disciplined in how we're showing up in your community, we don't truly know our mettle. Embrace this retrograde transit and its shadow period as a training ground for the mind, where you learn to think with more complexity and gain access to the profound innovative downloads that come with the Aquarian, future thinking mind.

SATURN IN AQUARIUS

This transit will last for the next 2+ years. During this time we will see a surge in the sale and marketing of information, a disassembly of old traditional ways of education, marketing, and media, and an increase in innovation, discovery, and

new technology. We will also see an increased interest in Astrology, Psychology, and other consciousness-expanding tools, techniques, practices, and systems. This will be a period of great change. With this transit, there will be a shift from personal interests and wants to what is best for the planet, humanity, and the collective. We will see an even greater impact from our personal choices on the whole of the planet and all species. This will highlight the need for greater personal responsibility and initiating further change in regards to the environment, waste, public health, social supports, technology, and the rules governing it and the impact of the 'economy' on global, personal, and environmental health.

2020-2023 Saturn Return for those born between

February 1932 - February 1935

January 1962 - December 1964

February 6, 1991 – January 8, 1994

Saturn returns to each sign once every 29 or 30 years for approximately 3 years. Saturn was last in Aquarius from 2/1932 to 2/1935, 1/1962 to 12/1964, and from 2/1991 to 1/1994. Saturn will again be in Aquarius from December 17, 2020 (after a brief stay there from March 21 to July 1, 2020) through March 7, 2023.

Saturn Returns are periods of great change, challenges, and adversity where we will feel the pressure to become more of our own person.

Venus in Sagittarius [October 7 - November 5, 2021]

Venus influences love and money, through our experience of this transit there is an increase in our desire for adventurous and demonstrative love and affection. We are inspired by taking risks, having a good time, extravagance, and feel more free, fluid and open to new experiences. We want more experiences, growth and are willing to test the waters a lot more than usual. This also applies when it comes to how we spend our money, and where we are investing it. We want to

use our funds for more experiential, spiritual, philosophical and growth based focuses.

Pluto Retrograde in Capricorn (October 6 - January 27, 2021)

26 - 24°

Pluto will remain in Capricorn until 2024, over the next 3 years we will see significant changes and transformations in all the areas that Capricorn rules such as governments, rules, foundations, regulations, currencies, economies, resources, money and legacies. This will not be a simple rebuilding or redesigning, the change will come through power struggles, the use of fear for control, uncovering the deep subconscious, and a willingness to surrender or risk great loss for a sense of purpose and meaning.

Pluto is here to help us transform ourselves, to find our purpose, and to remind us that freedom should never be taken for granted. We may find great conspiracies, abuses of power, and a need to stand up for rights (as rules and laws can be used as coercive measures by those wishing to gain more power and control). This is a time where we are reminded of what's important to us, and that we cannot remain complacent for the things that are of real value. Use these next 3 years to stand strong for what's important to you and to deeply inquire what you are willing to give up, sacrifice or surrender to live a life of real meaning and significance.

Mercury Retrograde in Libra (September 26 - October 18, 2021)

25 - 10 Libra

As Mercury turns retrograde in Libra, we have the unique opportunity to examine not only the message of our communication but also the medium through which it is delivered. During this time, we are becoming more aware of Libran art in the delivery of messages, from the aesthetic components of graphics, logos, photos, or fonts. What is your Brand Essence?

Mercury Rx in Libra is primarily focused on:

- reconciliation or closure of old or past relationships
- righting wrongs/justice
- forgive yourself for past mistakes, especially in relationships and finances
- finding a balance between what you do for others, and what you do for yourself
- Contemplation into where you need help in your business, where are you going it alone but don't have to, create what you need to, in order to start bringing on help once mercury goes direct
- Libra is focused on aesthetics, how can you improve your branding, the function, and ease of use of your product or service
- What is the client experience through your product/service/joining your email list, moving through your funnel, or onboarding?
- Is your branding consistent? Is it inspiring, does it make people feel something (in a good way)?
- What is your brand ideal - who does your client want to be? How do they envision their life/business/happily-ever-after, how does your product/service fit into this vision?

Libra is all about balance, minimalism, simplicity, fairness, and aesthetics.

Through Libra, we see what's possible and what we yearn for. It is through being surrounded by beauty we see ourselves reflected, it gives us an opportunity to fully see ourselves, and where we fit in with the world. It inspires us to be better and to create better for others.

This is a time to rework or re-ignite projects you've already had in motion, maybe it needs dusting off, and a new set of eyes. Look to improve infrastructure already in place.

This is also a great period for story and brand telling, and finding out what brings your community a sense of peace, satisfaction, what they consider success, and what brands they love.

Remember we follow brands that elevate our vision of ourselves, if you know what they elevate, you can place your product/service amongst them.

To Launch or Not To Launch?

Launching and Marketing through Mercury Rx is a touchy subject, with often varying results.

I've had very successful (although frustrating, and tech glitch-filled) launches through Mercury Rx as well as ones that will go down in history as the.worst.launch.ever.

What determines this is a few things, while the sign that Mercury Rx is going through plays a big part (you can't pay me enough to launch through Mercury Rx in Cancer), what often defines the success of a marketing or launch venture through Mercury Rx (outside of having a good product, clear copy, aligned pricing, etc) is what houses it's moving through.

In your chart, you have private and public houses, and there are also houses that clearly are business-oriented and others that are more personal.

When to 'sit the bench'?

If Mercury Rx is going through your 8th- 12th houses, you may want to sideline your launch until after Mercury goes direct. The reason for this is that whatever does go sideways, often becomes a public spectacle, and can in some cases ruin our reputation, or make us look clumsy, disorganized, or otherwise cross some communication signals with our community. Or we just may not be operating at our best,(I'm looking at you House 8 and House 12), and we may not be in a good mental space to be in the spotlight and running all the things. This also goes for Mercury Rx through your 4th house, we will just want to be couch

potatoes and our home-life will be calling on a lot of attention, so it's best to not make it compete.

Some other things to consider are the sign that Mercury is Rx-ing through and the flavors and experiences that will bring.

Sun in Libra (September 22 - October 22, 2021)

During this transit, we will crave balance, harmony, peace, fairness, justice, clear communication in our relationships and in the systems and structures through which we operate our lives and businesses. We will be more open to finding a middle ground in our relationships and working to create connection and harmony.

Mars in Libra (September 14 - October 30, 2021)

During this transit, we can feel indecisive, confused, and indirect. This can look like asking for what we want in a round-about way, rather than straightforward, or using indirect methods to get things from people. We must be careful of using white lies, or manipulation, even if it seems kind. We may not entirely be sure of what we want or struggle in making a decision. This can feel like a lot of wasted energy, and you may find that if you are really affected by this, it is best to keep your head down for a bit and ride it out.

Uranus Stations Retrograde (14°-10°) (August 19, 2021 - January 18, 2022)

14° - 10° Taurus

look at areas of focus/events that occurred between May 3 - August 19th, 2021 to give you insight into what area of life this retrograde will be felt for you

Uranus rules rebellion, war, change, revolution, freedom, confronting fear, speaking our truth. It is 'the great awakener'. This retrograde highlights what doesn't feel aligned and where you're sabotaging and holding yourself back. Be honest about who you are and what you want. Go with your hunches/intuition. Uranus helps to clarify a new direction. Embrace change and 'not knowing'. This period often forces us to deal with our dark side, parts of ourselves that don't align with our values. But if you allow this to move through you when Uranus moves direct you will have the opportunity to make a massive change. Watch out for: Following formulas, systems, and the 'norm'. Systems and structures can tend to feel suffocating at this time. Be careful to not interpret this as a sign that you're not capable or that you've made a poor choice. Personal changes may feel slow or difficult at this time. And the need to feel independent and rebel may be felt strongly right now. Uranus Retrograde can mean massive changes often in areas we weren't expecting or desiring, but it is for your long-term benefit. The truth will set you free. To see what area of your life will be influenced by this retrograde, see your chart and the current transits and locate what house Uranus transit falls under.

Jupiter Retrograde enters Aquarius (July 28 - October 17, 2021)

02° Pisces 11' - 22° Aqu 20

When Jupiter Rx moves back into Aquarius, we leave the spiritual waters of Pisces where we were doing subtle healing and enter the cerebral, higher-minded space of Aquarius. We're not only driven by the desire to help

and heal others, but our arrows are pointed at the goal of bringing all of humanity with us. We might be looking at our businesses right now with an eye for how we can make a bigger impact in the world. We want to know what else we need to do, who to talk to, how to build a community around us, and do all the things that feel deeply aligned with our higher purpose. There is important work to be done in the world and Jupiter re-entering into Aquarius after it was previously there earlier this year will have us revisiting events and concepts we experienced before. Embrace the almost volcanic changes that are happening in our world and know that you are ultimately playing a role in building a better world - even if it's sometimes difficult to recognize with your eyes. More than likely though, you feel it deep in your soul and that's what matters.

Chiron Direct in Aries [July 15 - December 19, 2020]

Meeting Ourselves Where We Heal

12 - 8* Aries

With Chiron turning retrograde in Aries, we are healing our relationship with all things Aries. From violence in the shadow to assertive action in the light, the energies of Aries are all coming to the fore during this time, requiring our attention to heal any distortions or misdirected lines of energy. In particular, we are examining any wounds we have around taking action, a hallmark of Aries. During this time, our ability to stand up for ourselves is coming into question, our existential courage. Also known as our will to exist, existential courage is a pronouncement of being, a statement of life. If you think back to recent times, has there been a moment where you wanted to act but did not? A time when you were going to stand up for yourself, but you held back? We all have these moments and perhaps less important than our response at the time is how we make meaning and move forward after the fact. As Chiron retrogrades, we continue to gain visibility into these moments of vulnerability while learning about ourselves. We continue to make sense of the healing story of our lives.

When we have existential courage, we are fearless, acting from a space of original boldness. When we are searching for existential courage, perhaps the path is not as clear. The paradoxical truth is that despite what we think, we always have the courage that the moment requires of us, but we may not always be dialed into its frequency. If we think of consciousness like a radio dial, perhaps we are on a different station right when the moment comes. In this period of time, we are healing our ability to switch back to the other station, the station that supports growth, evolution, and development. As we perfect and grow this ability, we come into a deeper resonance with any healing that needs to take place. Not only do we identify the misguided assumptions that have been holding us back, but we transform them into energetic assets that do not weigh us down. On the contrary, they lift us up. No longer do we carry energetic weight around with us. Our only choice is to stand up for ourselves and if we can get to this space during this Chiron retrograde, we will have achieved a significant milestone.

NOTE: It's important to be aware at this time, as Chiron is the wounded healer, and represents the inner wound we all carry, we need to be mindful that we don't direct violence or harm at ourselves (with this being retrograde), that we instead focus on positive internal action to help ourselves overcome our wounds and pain. Often when it comes to trauma, the victim will internalize the reason for the trauma as being because of something they did, said, or are. When Chiron goes retrograde and in Aries none-the-less we may find more trauma coming up, especially in areas where we may need to defend or protect ourselves, or triggering our trauma responses. It is helpful to schedule in self-care, therapy, journaling, or things that help YOU to feel like you're taking an active stance towards your own healing.

Neptune Retrograde in Pisces (June 25 - December 1)

Dreamwalker

Neptune now turns retrograde at 23° - 20° Pisces

Neptune rules both sleeping and waking dreams, imagination, fantasies, optimism, and idealism (in life and romance). Review your opinions, values, and

belief systems, listen to your gut. Work with the spiritual and mystical while keeping yourself grounded. Dreams, yoga, meditation, astrology, tarot, and deep inquiry can be very healing at this time. Contemplate your spirituality and belief systems. Focus on your creativity and allowing what wants to come through to do so, unhindered. Let go of anything that feels heavy. Watch out for - unrealistic or fluffy thinking, seeing people, and circumstances as you want to see them rather than as they are. Overindulgence in numbing agents. Emotions may run high or over the top. To see what area of your life will be influenced by this retrograde, check the current transits in your chart and see what house Neptune is moving through for you.

Saturn Retrograde in Aquarius (May 23 - Oct 10, 2021)

Saturn turns retrograde on May 23, 2021, at 13° Aquarius 31' Saturn will turn direct on October 10, 2021, at 06° Aquarius 53'

Saturn has turned retrograde in the sign of Aquarius, signaling a time of review for all things hard, worthwhile and Aquarian. It is a full review of the way Saturn has been operating in our lives, looking particularly closely at the Aquarian storylines. If Saturn is about discipline, maturity, and self-respect, then Aquarius brings the scientific, innovative and inventive aspect. Putting them together, we build a story of calculated structure and forward-thinking. We create a mindset of bringing the future into the present through actionable steps, not lofty wishes. So, how have you been doing this or not? This is a great time to consider your psychic priorities, the energy you wish to emanate in your life. With these priorities in mind, you are ready to absorb the energy of this astrological transit in high resolution.

During this time, Saturn gives a new structure to Aquarius' genius. We learn to take on only the responsibilities we can handle, and we learn to follow through on them in brilliant ways. As the retrograde continues, Saturn does dip into Capricorn, inviting in the modern business mind. During Saturn's brief sojourn in the very corporate Capricorn, do not be surprised if you find yourself building out new processes. Instead of driving efficiencies at work, however, you are reverse engineering your life. Reverse engineering is not hocus pocus. It is

really a challenge. A challenge to mentally visit the feeling state of your realized wish (before it has happened). If you can do this, the steps to manifesting said wish will materialize in front of you. Working with this metaphor of manifestation helps to structure not just your genius but genius itself. Are you ready?

Pluto Retrograde in Capricorn - (April 27 - October 6, 2021)

26 - 24 DEGREES CAPRICORN

Pluto rules our shadow side, deep-seated fears, limiting beliefs, the unconscious, unpredictability, change, endings and beginnings. Embrace cleaning house both physically and emotionally. Clearing your space, addressing things in your personal relationships and life that don't feel good to you anymore. Embrace the change that occurs in your life during this period, it may not be easy but it will bring a level of depth and truth that was needed. Space is being made for new people, new opportunities, new perspectives, new boundaries, and greater fulfillment. Don't hold on to anything that wants to leave. Pluto tends to enact change in our lives whether we like it or not, but it always is for our highest good. Subconscious belief systems can easily be triggered during this time. To find out what area of your life is being influenced by this retrograde look at the current transits in your chart and see what houses Pluto will be moving through.
