You're safe! I was worried I had lost y'all to the Big Rig.

After a moment, the screen starts to shake and rumble.

DR. CONEY

Do you hear that? What's going on!

POLLY

Dr. Coney, my dearest Conelia! I've missed you so much - it's me, your wife.

POLLY

I thought I was lost to Big Oil forever when they caught me.

POLLY

The Strike Team freed me from their clutches when they destroyed the heart.

DR. CONEY
Polly…

DR. CONEY
I’ve missed you so much, I can’t believe you're alive!
