

Are you looking for a job that can be a stepping stone to greater things?

That can offer good pay, a flexible schedule, and plenty of opportunities to make more money (more an hour, more hours, available bonuses!)?

That doesn't want to suck you in for life, but wants to do everything they can to actually equip you with skills, experience, and money to take the next leap into the things you're passionate about pursuing?

Then look no further than our snow plow operator position. So what's in it for you?

Requirements (yes, we do have a couple haha)

- Valid US drivers license
- 18 years of age or older
- Must have reliable transportation
- Willingness to work hard and support fellow team members in the field

Other than that, we are really looking for a physically capable individual who is looking to grow, improve, work hard, and would rather work outside with their hands, with other like-minded, down-to-earth individuals that would rather see each other win financially, rather than add drama to each others' lives.
