

Dear Parents and Guardians,

September is Attendance Awareness Month. We would like for you to join us in an attendance challenge starting September, 2021 thru May, 2022 celebrating students for their attendance. Students will be recognized and rewarded monthly for perfect attendance. We will also recognize and reward classrooms with 100% perfect attendance. **In order for your child to receive recognition and rewards, he/she must be at school and seated in his/her seat,** and ready to learn before the tardy bell rings (7:45 a.m.). Unexcused tardies and checkouts are counted. Our school doors open daily at 7:15 a.m. The goal of this challenge is to raise awareness around the importance of students attending school daily and how it connects to academic achievement. Please click on the link provided to watch this short video about five important facts on school attendance.
