Safe and Connected Learning Environment

The EVSC strives to maintain a positive, welcoming environment where everyone can focus on learning and growth. To ensure our classrooms, buses, and activities remain safe and supportive spaces that students look forward to attending every day, we hold our school community to high standards of conduct and restrict specific items from school grounds. The following guidelines, expectations, and prohibited items are designed to protect the safety and well-being of all students and staff.

Attendance: Multiple data sources show that regular school attendance is one of the most important factors related to student success. Student attendance is defined in IC 20-33-2. Additional information will be provided by individual schools. (IDOE Code 16)

Wireless Communication Devices: Use of any wireless, web-enabled device capable of allowing voice/messaging/data communication between two (2) or more parties, (e.g. cellular telephones, Smartwatches, earbuds/AirPods/headphones, smartglasses), non-EVSC tablet and laptop computers, and gaming devices, etc.) is prohibited during the school day in accordance with EVSC Policy 4307 and IC 20-26-5-40.7. The Board assumes no responsibility for theft, loss, damage, misuse, or unauthorized use of a student's wireless communication device brought onto its property.

Student Dress and Grooming Guidelines: Students are expected to dress and groom themselves in a way that supports a positive learning environment. Clothing or appearance that disrupts teaching or learning is not allowed. These guidelines are necessary to promote discipline, maintain order, secure the safety of students, and provide a healthy environment conducive to learning, in accordance with EVSC Policy 4511. Students who violate the dress guidelines will be asked to change or correct the issue before returning to class and may also face disciplinary action. (IDOE Code 15)

This information could include a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. Parents and eligible students have the right to request that the school NOT disclose directory information. HARASSMENT

It is the policy of the School Board to maintain an education and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all School Corporation operations, programs, and activities. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against harassment based on sex, race, color, national origin, religion, disability, or any other unlawful basis, and encourages those within the School Corporation community as well as third parties who feel aggrieved to seek assistance to rectify the problems. The Board will investigate all allegations of harassment and in those cases where unlawful harassment is substantiated, the Board will take immediate steps to end the harassment. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action. NOTICE OF RIGHTS OF STUDENTS AND PARENTS UNDER SECTION 504

Section 504 of the Rehabilitation Act of 1973, commonly referred to as "Section 504," is a nondiscrimination statute enacted by the United States Congress. The purpose of Section 504 is to prohibit discrimination and to assure that disabled students have educational opportunities and benefits equal to those provided to non-disabled students.

An eligible student under Section 504 is a student who (a) has, (b) has a record of having, or (c) is regarded as having, a physical or mental impairment that substantially limits one or more major life activities such as learning, self-care, walking, seeing, hearing, speaking, breathing, working, and performing manual tasks.

Dual Eligibility: Some students will be eligible for education services under both Section 504 and the Individuals with Disabilities Act (IDEA). Students who are eligible under the IDEA have many specific rights that are not available to students who are eligible solely under Section 504.

For more information regarding Section 504, or if you have questions or need additional assistance, please contact the School's Section 504 Coordinator at 812-435-8453.

The implementing regulations for Section 504 as set out in 34 CFR Part 104 provides parents and/or students with the following rights:

 5. Your child has a right to facilities, services, and activities that are comparable to those provided for non-disabled students. (34 CFR 104.34.)
 6. Your child has a right to an evaluation prior to an initial Section 504 placement and any subsequent significant change in placement. (34 CFR 104.35.)
 7. Testing and other evaluation procedures must conform to the requirements (34 CFR 104.35) as to validation, administration, areas of evaluation, etc. The District shall consider information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical condition, social and cultural background, adaptive behavior, physical or medical reports, student grades, progress reports, parent observations, and anecdotal reports. (34 CFR 104.35.)
 8. Placement decisions must be made by a group of persons (i.e., Student Intervention Team and/or Central Office 504 Committee), including persons knowledgeable about your child, the meaning of the evaluation data, the placement options, and the legal requirements for least restrictive environment and comparable facilities. (34 CFR 104.35.)
 9. If eligible under Section 504, your child has a right to periodic reevaluations, generally every three years. (34 CFR 104.36.)
- You have the right to examine relevant records. (34 CFR 104.36.)

 - If you wish to challenge the actions of the District's 504 Committee in regard to your child's identification, evaluation, and education placement, you should file a written request for a hearing with your state department of education's Section 504 compliance office. A hearing will be scheduled before an impartial hearing officer and you will be notified in writing of the date, time, and place for the hearing.
 - If you disagree with the decision of the impartial hearing officer, you have a right to a review of that decision by a court of competent jurisdiction. (34 CFR 104.36.)
 - On Section 504 matters other than your child's identification, evaluation, and placement, you have a right to file a discrimination complaint with the school administration, who will

investigate the allegations to the extent warranted by the nature of the complaint in an effort to reach a prompt and equitable resolution.

16. You have the right to file a complaint with the Office for Civil Rights.

¹ Equal educational benefits and opportunities does not mean the "same" benefits and/or opportunities.

RESPONSIBLE USE OF TECHNOLOGY

The Evansville Vanderburgh School Corporation believes that in order for students to positively contribute to a 21st century global society, they must be globally aware, civically engaged, and capable of managing their lives. In this society, students will also need to be able to thoughtfully use information, media, and technology in order to succeed. The EVSC provides technology resources with these goals for its students in mind.

The EVSC believes the educational advantages of using technology outweigh the potential for misuse. The EVSC has established safeguards to ensure the protection of staff and students. These safeguards ensure the benefits of technology, protect the corporation's investment in hardware and software, and help to prevent misuse. Technology allows EVSC users to access and utilize global resources, communicate and collaborate with other individuals/groups for educational purposes, and significantly expand access to digital curriculum and research.

The provisions of this policy and associated guidelines and agreements are in addition to the requirements of applicable school rules and state and federal law. The EVSC has the duty to investigate any suspected violations. Violations of these agreements may result in school or district-level consequences for the user.

Disclaimer concerning the use of online services

The EVSC, its employees, and agents make no warranties of any kind, whether express or implied, concerning the online access it is providing. Furthermore, the EVSC will not be responsible for:

1. Any damages suffered by a user, including but not limited to loss of data resulting from delays or interruptions in service, or computer "viruses;"
2. The accuracy, nature, or quality of information saved on storage devices, hard drives, or servers provided by the EVSC;
3. The accuracy, nature, or quality of information gathered through online access provided by the EVSC;
4. Personal property used to access computers, networks, or the online access provided by the EVSC;
5. Unauthorized financial obligations of a student, or his or her parent or guardian, resulting from the online access provided by the EVSC.

Privacy

- Students shall have no expectation of privacy when using district e-mail or other official communication systems. Any email, computer application, or information in district computers or computer systems is subject to monitoring by the administration.
- EVSC-owned devices that are reported to the school or district as stolen are subject to verification of internal network information including locating the device using IP addresses, GPS location services, and screenshots.

The EVSC subscribes to a filtering service in order to prevent access to websites EVSC deems inappropriate. Although a conscious effort is made to prevent access to materials that are inappropriate for the educational setting, no safeguard is foolproof. The user is responsible for not seeking or initiating access to inappropriate or blocked material and for reporting incidents should they occur.

Standards for Responsible Use of Technology

Technology users have the same responsibilities while using devices or connections that are expected in any other school activity. Responsible use of technology is ethical, academically honest, respectful of the rights of others, consistent with the EVSC's mission, and is expected to be adhered to during normal school hours and after school, off school grounds. The following expectations are intended to clarify the proper conduct, but should not be construed as all-inclusive.

I ACCEPT RESPONSIBILITY AS A MEMBER OF THE EVSC COMMUNITY TO DEMONSTRATE LEGAL AND ETHICAL BEHAVIOR IN MY USE OF TECHNOLOGY.

- In all my online communications (this includes, but is not limited to email, chat, instant-messaging, texting, gaming, and social networking sites and connections), I will be respectful and polite.
- I will not cyberbully or intentionally hurt or embarrass another person or group with my technology use.
- Should I become aware of cyberbullying taking place, I will notify a counselor, teacher, or administrator immediately.
- I will use suitable language free of profanity, vulgarity, sexually oriented, or other inappropriate language.
- My authorized customization of EVSC devices (wallpaper and other system enhancements) and profile data (username, images, etc.) will reflect school expectations for appropriateness, and I will immediately remove anything that school leadership deems inappropriate.
- I understand that prohibited online activities may be illegal and subject to criminal prosecution.
- Except for "educational fair use" as defined by a teacher, I will not copy, save, or re-distribute copyrighted material (files, music, software, etc.).
- I will not search for, download, or distribute any material that is obscene, sexually explicit, or pornographic. If these materials are downloaded accidentally, the user will immediately report the incident to an appropriate school district official. This disclosure may serve as a defense against an allegation that the user intentionally violated EVSC policy.
- I will not vandalize, damage, disable, or "hack" the files of others. Creation and/or distribution of a "virus" is considered vandalism.
- I will not intentionally destroy, damage, or deface any EVSC device, including, but not limited to, adding stickers, drawing on, removing keys, or removing any device ID tags (e.g., EVSC Asset or Mfg. Serial Number Tags).
- I will not log on or attempt to log on to the network using another person or group's name and password or misuse a name or password.
- I will not install or use any Internet-based file-sharing tools. I understand that file-sharing programs and protocols are explicitly prohibited.
- I will not disable or circumvent the content filter.

I WILL PROTECT THE INTEGRITY OF MY DATA, PERSONAL PRIVACY, AND PROPERTY RIGHTS AND THAT OF ANYONE ELSE WHEN USING TECHNOLOGY. I WILL DO THIS BY:

- Keeping my personally identifying information private. This includes my password(s), personal address and phone number, and that of anyone else, private.
- Securing permission before sharing or posting online any personally identifying information (email addresses, photos, audio recordings, videos, etc.) about any members of the EVSC.

- Refraining from installing or uninstalling any software or apps to EVSC devices without prior approval from the Chief Technology Officer.
- Restarting my EVSC device regularly so that operating system and application updates, which are run from a central location, remain current.

MY USE OF PERSONAL DEVICES AND EVSC TECHNOLOGY WILL BE WITH THE OBJECTIVE OF IMPROVING INSTRUCTION AND LEARNING.

- I will have teacher permission before playing games; instant messaging; and accessing music, videos, or social media sites.
- I will back up necessary data that is not stored on the cloud.
- I will report any technical support issues to my school tech support person.
- I will not use EVSC technology resources to purchase any goods or services.
- I will meet the expectations outlined in administrative guidelines for all EVSC-provided technology.
- I will not use technology to participate in any type of academic dishonesty, including cheating, plagiarism, unauthorized collaboration, or accessing or sharing answers during assignments, tests, or assessments.
